'ANNEXATIONS NOT A FACTOR'

Chamber Vows Its Support Of Annexation

Unable to muster a spokesman for the group opposing Callan Park, the board of directors of Daly City's Chamber of Commerce last Thursday voted unanimously to reaffirm their endorsement of the annexation and support the city councilmen who brought in the big tract by 4-1 vote on April 11.

The board's expression favoring the annexation came after builder Mike Callan and his chief architect, Edward H. Fickett of Los Angeles, discussed and graphically explained their plans for the enormous subdivision.

Director Fred Martin of the Chamber read a letter from Edward O'Haire, an attorney for the anti-annexation forces, the "Citizens Committee for Good Government," in which O'Haire said his group, headed by spokesman Fred J. Walker, decided not to send a representative before the board of directors at the same meeting. The letter said the Citizens Committee for Good Government felt it would be worthwhile to present their arguments before the Chamber only if the Chamber rescinds its endorsement of the annexation. The Chamber board publicly announced its support for Callan Park two months ago.

Martin, in charge of the Callan Park discussions for the Chamber, two weeks ago contacted the anti-annexation leaders and invited them to the board meeting to give their reasons for their opposition. O'Haire's subsequent letter challenged the Chamber's alleged failure to hear their arguments against the annexation at the same time Tom Callan Jr. addressed the Chamber on the benefits of the annexation to Daly City.

Martin told the press that the Chamber did not invite members of the anti-annexation committee to this earlier meeting "because we were not aware that a committee as such was organized at that time."

The letter from O'Haire, however, alleged that the committee was in existence two months ago when the Chamber endorsement was made.

The Chamber members asked few additional questions of Mike Callan after the builder again explained the project and

master plan provisions to the audience of about 20 people. Among these were Mayor Frank Pacelli and Councilman Edward J. Dennis.

Callan said he was running into two main questions from residents about the proposed development and its effect on the city and schools.

"These are taxes and double sessions," he declared. "I think the anti-annexation group is spreading mis-information about the development—particularly on these two points."

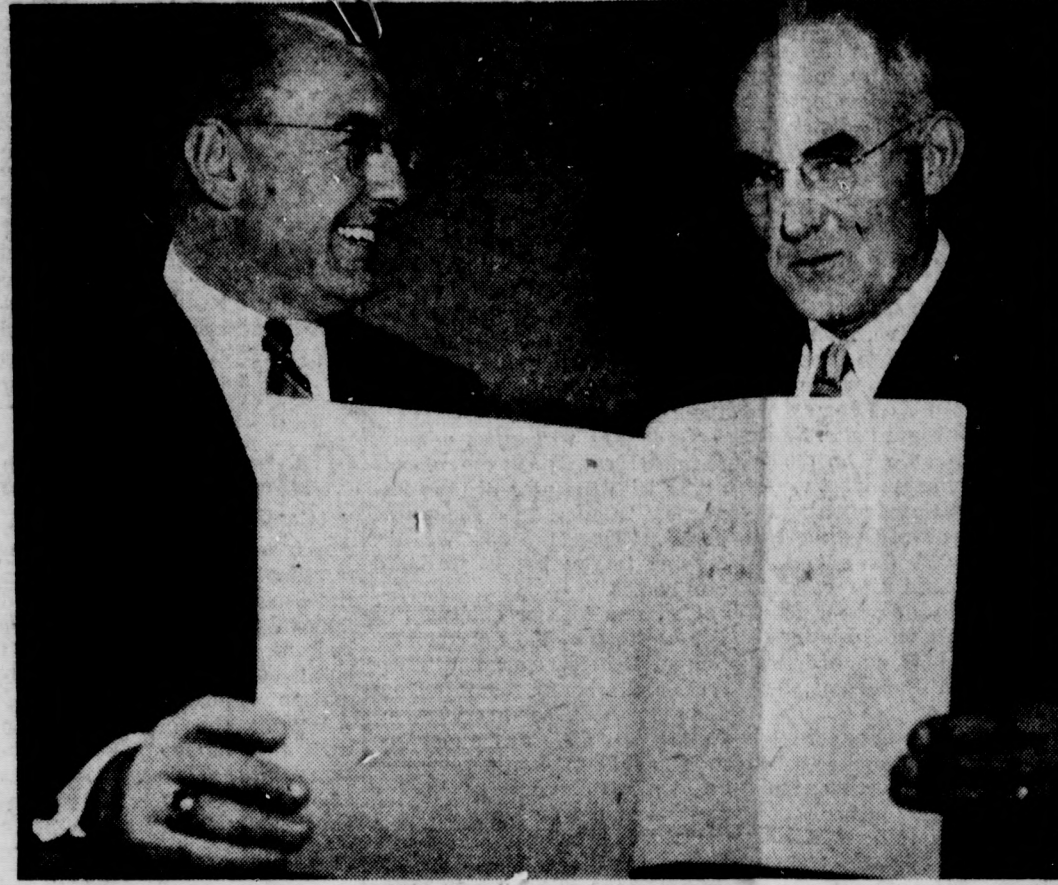

"As far as taxes are concerned, I think we all have to agree that they continue to go up all over with additional growth. But as in the case of Westlake, our development will broaden the city's tax base and our three shopping centers will return eventual sales tax revenue and a net profit of \$400,000 to the city annually."

"We remember that about 12 years ago Daly City's tax rate (when there was no Westlake) was about \$2 per \$100 valuation. Two years ago it was \$1.48 and the new tax rate again is \$1.48. When fully developed, the Callan Park property tax base and sales tax revenue will give Daly City heavy sums which can be used for a reduction of the city-wide property tax rate and/or improvement of basic city services."

"This talk about more double sessions because of more annexations by the city is exaggerated," Callan charged, making reference to "Tom Noonan of the school board who says our annexation will result in more school hardships."

"Actually, he should explain that by 1963 the local elementary district faces the possibility of double sessions—regardless of our annexation," Callan asserted.

Callan displayed his firm's master plan for the total development, pointing to four areas designated for school sites.

FRANK VERDUCCI (left) and Loyal Ingersoll, Jr. (right) are seen here looking at a document. Verducci is chairman of the Callan Park Homes, Inc. and Ingersoll is chairman of the Callan Park Schools, Inc.

Ingersoll was selected as Jefferson Union High School District chairman. Verducci, 70 Westdale avenue, Westlake, is an elementary teacher at Everett Junior High School in San Francisco. Ingersoll, 439 Crocker avenue, is a carpenter. It is the second time Ingersoll was elected as chairman, his last stint as president being from 1952-57.

Elementary Tax May Be Reduced To Former Rate

Jefferson Elementary School District trustees lopped eight cents off the general purpose tax rate of \$2.20 bringing the basic rate to \$2.12 last Monday evening.

In addition, they instructed the administration to see if another two cents could be chopped off in order to bring the general purpose tax rate to the same figure as last year—\$2.10.

The eight cent deduction brings the over-all estimated tax rate to \$2.40. Other additions to the \$2.12 general purpose fund are: teacher retirement, 5 cents; state employees

(Continued on Page 2)

County Superintendent To Speak Here About Callan Park Schools

Mayor Frank Pacelli reported Monday night that County Superintendent of Schools James Tormey has accepted the city council's invitation to appear here and explain the effect of Callan Park on the schools relative to redistricting.

Tormey said he would appear before the city council next Monday evening, July 25 at 8 p.m. at City Hall, 75 Wellington avenue. Daly City and South San Francisco school officials have been notified and will send representatives to hear Tormey's presentation.

DALY CITY BOARD SAYS:

'Adding Callan Park Would Mean Double Sessions In Schools'

Approximately 50 people crowded into the Jefferson Elementary District Office Monday evening to hear Superintendent Richard Foster give a report on "The Effects of Callan Park on Schools" and this over-crowdedness carried into his report.

Foster said that by 1962-1963 there would be 1000 Elementary students on double session if Callan Park, figuring on 800 per year homes for four years, should the tract come into the district. Later, Michael Callan, present at the meeting, said he was figuring on 1000 homes per year. Foster's estimate shot up to a total of 1960 students being on double sessions.

This is a rise from the 9400 anticipated to 11,608. The most the district could house by 1962-63 would be 10,654, Foster noted.

"It would be impossible to have enough schools in this area to house all youngsters involved by that time—even if we started tonight," Foster added.

For Callan Park to meet the needs of the school district financially there must be \$30 million assessed valuation in buildings other than homes. If all plans of the builder are realized, financially the district will gain, Foster commented.

Foster commented that the

school district will have to come before the people with a bond issue in 1961 whether there are any annexations or not. The difference, he stated, is whether we go before the public for \$6 million or \$15 million. He noted that the Panorama tract (Crocker Hills) was included in the higher figure along with Callan Park.

He said the district is at the maximum 45 cent tax rate so the bond issue would not have the people paying more out of their pockets but also noted that this money is not a "gift." He said, "This District has borrowed \$8½ million from the state and has paid back nearly \$2 million of our own indebtedness and repayment to the state." Answering a question from the floor, he said each taxpayer in California has to pay the state when funds are asked by a school district.

Builder Michael Callan, a former trustee on the Elementary board himself, twice demanded that the board go on record as not wanting the Callan Tract in the Jefferson District.

At one point he said, "If Callan Park stays in the South San Francisco District I will make \$6 million, in taxes on valuation, over a period of 30

(Continued on Page 2)

CITY MANAGER EXPLAINS BUDGET

COUNCILMEN LASH 'MISINFORMATION'

Daly City councilmen Monday night adopted a "back to normalcy" new fiscal budget calling for a 55-cents property tax increase and accompanied by the declaration that the Callan Park annexation in no way is responsible for the jump over the 90 cents tax rate of fiscal '59-'60.

The new budget is \$62,655 higher than last fiscal year and totals \$2,228,340. This total includes \$246,990 set aside for capital outlay expenditures, about \$105,000 of this for water department capital improvements.

Bulk of the budget increase over last year results from a three percent across the board salary increase for all 195 city employees, individual boosts for certain department heads, and the addition of 10 employees (including one policeman and two firemen) who were authorized in the last fiscal budget but were not hired due to subsequent budget difficulties.

Salaries alone in the new budget amount to \$1,201,078 compared to \$1,191,560 last year.

According to Finance Director Joseph Arch, the 55 cents tax boost will cost Westlake homeowners (average assessed valuation \$4400) \$24.20 more to the city this year, residents east of Hillside boulevard (average assessed value \$3945) \$21.70 more, and residents of the Crocker and Vista Grande tracts (older sections) about \$14 more this year in city taxes.

The new budget authorizes \$468,308 for materials and supplies (compared to \$429,733 last year), retirement and insurance costs of \$159,782 (compared to \$124,914), bond retirement costs of \$61,317 (compared to \$49,443—main increase due to new reservoir repayment), and \$90,865 for unbudgeted reserve to use as a contingency fund for emergencies or other expenditures not anticipated at present.

All five councilmen expressed agreement on the need for the considerable tax jump of 55 cents, bringing the new rate to \$1.45, a drop of three cents from City Manager Edward Frank's first proposal two months ago. The city manager at that time already had lopped off some \$200,000 from the individual department requests for

the 12 months period ending next July 1.

A series of questions directed by the individual councilmen to Frank clarified much of the controversy and alleged misstatements making the rounds that the 55 cents tax jump was due to Callan Park annexation costs for services. In fact, four of the councilmen were outspoken in lashing opponents of the annexation for allegedly spreading misinformation on the city tax increase and Callan Park's effect on the new budget.

City Manager Edward Frank, questioned by all five councilmen to repeat his recommendations and explain the expenditures and projected income, pinpointed the Callan Park discussion by declaring: "There is nothing set aside in this budget for any annexation... only if the council publicly authorizes expenditures for new developments will the budget be changed over its present status."

Mayor Frank Pacelli lauded the city administrative staff for "a sound budget which will return us to the black financially, allow us to build up long-needed reserves, and provide for improvements."

Councilmen Micheal DeBernardi, reading a five-page self-termed "minority report" on the new budget, compared the new \$1.45 tax rate to the city's \$1.48 rate of three years ago and attempted to cite the benefits of annexations to Daly City

Daly City Mail Superintendent Succumbs At 46

Funeral services were conducted this Thursday for Daly City Superintendent of Mails Houston C. Holmgren, 46, who died Monday while vacationing at Catalina island off the coast of Southern California.

A native of San Francisco, Holmgren, with the Daly City department since 1954 and a 23-year veteran of the postal service, lived at 48 Belmont drive in Westlake. He was a member of Temple Baptist Church and the National Association of Postal Supervisors, Branch No. 301.

Surviving are his wife, Irene; children, Ross and Vicki Holmgren; and sisters and brothers, Ingrid Johnson, Esther Meg, and Reuben, Paul and Arthur Holmgren.

N. Gray and Company of San Francisco handled funeral arrangements.

DeBernardi Gives Tax Comparison Report To Show City's Position

(Editor's Note: Following statement was delivered by Councilman Micheal DeBernardi at Monday night's city council meeting prior to the council's adoption of the new budget and fiscal tax rate.)

Due to the tremendous amount of misinformation and downright lies being circulated around our city, I think it fitting and proper at this time for a matter of record to set forth some facts about this particular budget and tax rate and assessed valuation and a comparison of figures back to 1956. I choose 1956 because since that time to date we have annexed to Daly City approximately 1000 acres of land. Actually, 440 of these acres was annexed in late 1954 but the financial effect was not felt until the 1956-57 budget. From this point on I will only deal with services added to the city and as offset by revenue of increased valuations. In my summary I will show the revenue.

In 1956 there were 15094 employees, the tax rate was \$1.48, assessed valuation \$29,647,985, and all surplus water money was reverted back to the general fund as was customary in many, many years previous. This year—1960—there are or will be by the end of the year 19554 employees, tax rate \$1.45, assessed value \$48,000,000 (estimated).

This means an increase of

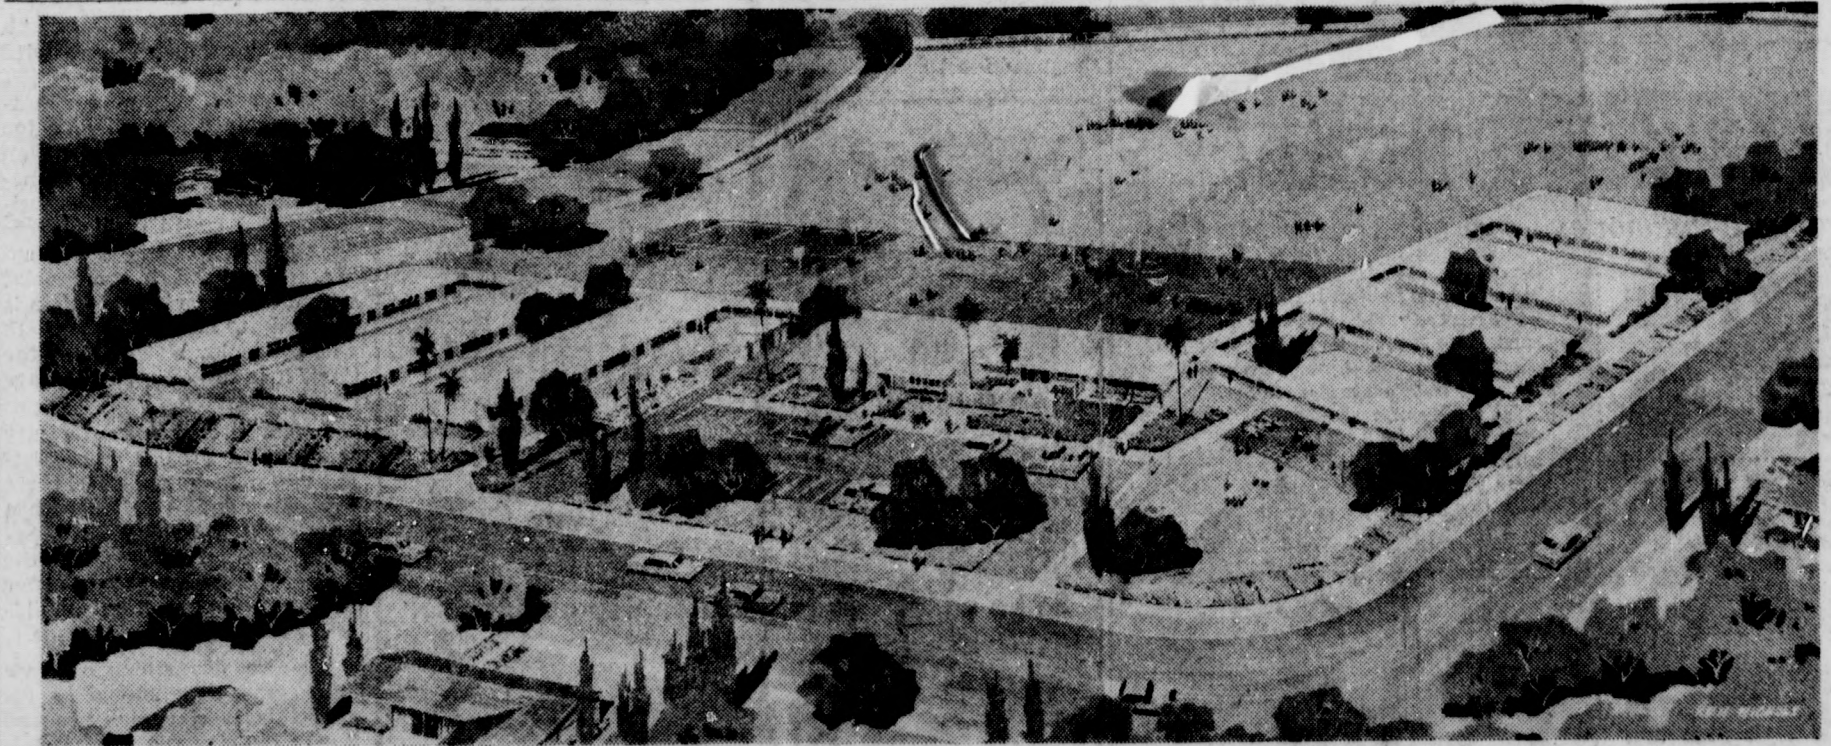

\$270,000 in wages alone not counting retirement and fringe benefits. This figure was obtained by using \$6000 per year as an average salary and multiplying by the difference of 45 employees. Using an average of 1 cent tax rate raising \$3700, we can see that tax rate wise this amounts to a 73 cents increase.

The added assessed valuation amounts to \$19,000,000 or 20 cents. Another amount because of sales tax has to be added and that amounts to \$150,000 to \$180,000 or about 41 cents.

We have not at this point considered increased costs along the line, nor mentioned capital expenditures not covered by capital outlay funds or sales tax. Cost increases should be figured at about 15 percent (these costs are everyday items).

Now let us take the 73 cents increase and subtract from it the initial assessed value and sales tax (61) and we find that there is still 12 cents unaccounted for. This 12 cents plus the water money no longer going in the general fund of approximately \$100,000 or 27

(Continued on Page 2)

PLANS FOR Callan Park's first school, scheduled for construction and completion at the same time as the first 308 Cal-

lan Park Homes, were presented to the South San Francisco Unified School District last night. Callan Park is under the

jurisdiction and responsibility of the South San Francisco Unified School District. Legally, no Callan Park children will at-

tend Daly City schools, nor will the school tax rate of present Daly City residents be affected, according to the developer.

Builders Mike and Tom Callan and Architect Edward Fickett presented the plans and sketches.

since 1954 and the effect of these annexations on holding the line and even lowering the successive fiscal tax rates.

Councilman Bob St. Clair along with Pacelli vociferously singled out the "Citizens Committee for Good Government," headed by Palisades resident Fred J. Walker, which last Saturday mailed to all homes a circular warning Daly City residents about "exorbitant" tax rates because of the Callan Park annexation.

St. Clair supplemented DeBernardi's assertion about the Walker group as circulating "misinformation and downright lies" with the charge that the anti-annexation group "in their throwaway paper, the 'Citizen Defender,' are attempting to poison the minds of homeowners with malicious lies."

St. Clair described the throw-away newspaper's "challenges" as "completely untruthful," and the councilman at the same time praised the Westlake Times and Daly City Record newspapers "for giving the public the true story on the annexation."

Pacelli supported the editor of the Westlake Times and The Record, charging that the so-called "Good Government" group was maligning the local newspaper without any facts to support this criticism.

"I feel," the mayor emphasized, "that if the editor refused to print press releases from the Walker group he (the editor) did so because he didn't believe the facts presented by Walker's anti-annexation group."

The city manager clearly defined the council's and his recommendations for the \$1.45 tax rate. As did DeBernardi in his presentation, Frank explained that if it hadn't been for sales tax revenues the city would need a tax rate of perhaps \$1.86 this fiscal year to adequately provide services for added population. The city manager also pointed out that last year's budget shortcomings and impractical low tax rate of 90 cents were the main factors in the need for the jump to a \$1.45 levy.

Frank repeated that the tax rate last year should have been \$1.48. As it turned out, due to budget miscalculations by the previous administrator, the council had to transfer \$223,509 in unbudgeted reserves (from capital outlay and water surplus) to balance the fiscal '59-'60 general fund. These transfers depleted capital outlay and much needed water reserves, thus a "buildup" in both funds and careful programming in both categories is figured in the new budget as well of those of the next five years.

The city manager explained that despite these unanticipated transfers "this money was put to good use" and he cited the city's progress as far as capital outlay expenditures were concerned.

Since '58-'59, according to Frank, \$489,841 has been spent by the city from sales tax revenues for capital outlay projects.

(Continued on Page 2)

W'lake Association Invites Public To Annexation 'Hearing'

The Westlake Subdivisions Improvement Association as a public service will host a "Pros and Cons" night on the Callan Park annexation issue.

WSIA chairman Emory Schoolcraft said all persons who wish to express opinions on the annexation should attend a public invited meeting on Monday, August 1, at 8 p.m. at the WSIA clubhouse, 95 South Mayfair avenue in Westlake.

Alyce Shea, secretary-manager of the WSIA, said representatives of both camps, the Callan brothers and Fred J. Walker of the Citizens Committee for Good Government, had been invited and indicated they would attend.

'IMPARTIAL EXPERTS'

Panel Discussion To Give Public Facts On Callan Park Annexation

"If you have questions concerning the Callan Park annexation, then come to our panel discussion on July 27," says Mrs. Stanley Wiener, 214 Wilshire Avenue, a representative of The Non-Partisan Voters League of Daly City.

In addition to her duties as a housewife and as a mother to two young and active boys, Mrs. Wiener has been busy arranging for the panel of experts who will be on hand at the discussion to answer questions of a general technical nature. The discussion starts at 8 p.m. with a half hour given to the representatives of

the Callan Construction Company and the Citizens For Good Government to present their individual views.

Mrs. Wiener is quick to point out that considerable attention was given to the selection of the experts in order to avoid possible bias or prejudice. Dr. Lyle N. Hansen, a professor of social science at San Francisco State College, will moderate the meeting. The other guests are experienced in school problems and municipal planning, an example being a professor in the Department of Public Administration at the University of California.

According to Mrs. Wiener, who feels that this may be the most important Daly City civic meeting of this year, The Non-Partisan Voters League is expecting a packed house at the Benjamin Franklin School Auditorium, on Wednesday, July 27, at 8 p.m. She says that with this opportunity to hear both sides of the annexation issue and hear the opinions of the experts, there should be no excuse for anyone to go to the polls on August 16 uninformed.

WATCHES PLANES WHILE MONEY FLIES

Allan C. Bizzzi, 42, 489 Westmoor Avenue, a clerk who works nights, went out to watch the airplanes come in at the San Francisco Airport Friday afternoon little suspecting that his money would be flying the coop.

Bizzzi told Officer David Johnstone that \$120 was missing and at this time could not determine if any other articles were gone as all bedroom drawers were ransacked. Bizzzi said his wife Virginia, 38, and daughter Joyce, 17, work at a bank during the day. He said he wasn't sure if the front door was locked or not.

Man, 21, Slashes Wrist Because Date Leaves Party

Robert Criss, 21-years-old, staying at the William Penn Hotel in San Francisco, attempted suicide at a School District apartment last Friday evening at 10:45 because his 18-year-old girl friend left the party early.

Police Officer Tom Culley received the report of a disturbance at 158 School Street from Tom Croy, Apartment A, and checked Apartment C to see what the ruckus was about.

He was greeted by Kenneth E. Rinnard, another William Penn Hotel resident, who had blood on his face and clothing. Rinnard's story, later proved to be entirely true, was that Criss had been drinking. Criss became hysterical when his girl friend left the party and ran into the bathroom.

He took a razor blade and slashed his wrists. All the other persons at the party left to bring Criss to Mission Emergency Hospital while Rinnard stayed in the apartment. Resident of the apartment, Carol L. Boothby, 21, verified Rinnard's story, as well as other guests.

Elementary Tax

(Continued from Page 1)

retirement, 4 cents; community services, 5 cents; 11 percent penalty adjustment, 14 cents.

Final adoption of the tax rate and budget will be made on August 1 at 48 Park Plaza drive at the 8 p.m. board meeting.

Superintendent Richard Foster said assessed valuation of the District climbed 18 percent over last year's figure, an increase of nearly \$10,000,000. Last year's assessed value was more than \$56 million while this year's is more than \$65 million.

Average daily attendance for this year was 7310 children while next year's ADA is expected to be 8060, a total of 800 students per day more. Foster said last year's average daily attendance was computed for 7360 so the district was 59 students per day less than the actual total. "We will receive \$11,328 less from the state because of this," he said, adding, "192 was subtracted for each child that did not make the average daily attendance list."

The drop in the tax rate followed a tentative approval of \$46,600 in additional capital outlay for the 1960-61 budget.

Included in this was \$600 for Benjamin Franklin landscaping; \$5000 for Thomas Edison, Abraham Lincoln and Daniel Webster sprinklers; \$4500 for landscaping at the three above mentioned schools; \$3500 for fencing and ramp-stairway at Crocker; \$25,000 for asphalt paving, two tank areas and equipment at Fernando Rivera; \$3000 for 150 lockers at Colma Upper; and \$5000 for teachers' room furniture.

SCHOOL BOARD

(Continued from Page 1)

years. I don't see why I should suffer the loss."

At another point he added, "South San Francisco Unified School District will have enough funds to build two schools while it will cost Jefferson District residents \$3 1/2 million more than South City for schooling."

Foster stated that the board had a "moral responsibility" to people in this district and recommended that the board take no action until after the August 16 election. Trustees noted that they did not ask for the task of schooling the youngsters in this area but also noted that they would accept the school problem if it was the wish of the people.

Callan critically stated, "The School board should get up a petition to stop all building and annexations in Daly City because it puts children on double session."

Foster spoke of the Panorama tract before talking of Callan Park. He said Panorama, from what he has learned, would not have any industry or commercial development and would find this district at a loss of from \$25,000 to \$45,000 per year.

Foster said that Brisbane School District has indicated an interest to keep the Panorama District under its auspices. However, Robert Smice, 61 Crestwood drive, noted that it is four miles from the nearest Brisbane School while only one mile from Jefferson's George Washington site. Smice noted that people who moved into the Panorama tract would probably petition for entry into the Jefferson District and Brisbane would also suggest it when they find the cost for transportation of youngsters."

Four schools would be needed in Callan Park and just one school in Panorama, Foster noted.

Most of the persons in the audience who spoke asked questions, and only those making statements other than queries are quoted:

Daly City Personnel Commissioner John B. Drye, 98 Montrose Avenue: "Statements were made that tax revenue would require \$30 million in assessed valuation other than houses. The Callans have stated they would place a \$32 million shopping center and \$30 million worth of apartments in the area, so this far exceeds the district's needs."

Jefferson Elementary District teacher Ann Gray, 1453 South Mayfair Avenue: "Double sessions cause serious problems. Children have to take care of themselves and sometimes get into trouble. This causes juvenile as well as emotional problems for the youngsters. Not only does the double session have terrible effects on children but teachers cannot do good jobs. They feel like baby-sitters."

Pete Markovich, 160 Northgate Avenue: "I have lived here 49 years and 11 annexations have been made during that time. I can't see why people would want to stop progress. We should look ahead as we have always conquered problems in the past. I would like to see Daly City as the largest city in San Mateo County."

Mrs. Roberta Drye, 98 Montrose Avenue: "One of the reasons Daly City was chosen for the site of the new hospital is because of our increased growth. I agree with Mr. Markovich."

Mrs. Margaret Amorose, 110 Mirada Drive: "I don't think we should want to be big just for the sake of 'being big.' I don't believe that children being on double sessions is good for the district. It was said that many large stores would come into the Callan Park area but there is no definite assurance that they will."

Mrs. Mayre Albert, 3 Royce Way: "Everybody gets scared of taxes. The county will lower taxes this year because there are more people here."

Mrs. J. D. White, 689 Templeton Avenue: "This school board made more progress this past year than was made in the previous 10 years. Machinery can be set in motion to eliminate the 'big scare.' If people would pay attention not for one specific fight but attend all meetings we can lick problems as they come along. I am not scared of annexations."

John Drye again: "The annexation absolutely will not raise taxes."

Doris Plant, 365 Lakeshire Drive: "St. Francis Heights also came in with promises of a multi-million dollar shopping center. Supposedly, I would have had one block to walk in order to shop. However, with highways coming through and other problems the shopping center never developed. The entire area is filled with homes."

COVERS 15 ACRES

Callan Submits First School Site Plan To South SF Administrators

(Editor's Note: Following is a press release from the Callan Park Development Company).

A complete school building plan, co-ordinating school construction with construction of the first homes in Callan Park, was presented to the South San Francisco Unified School District last night by builders Mike and Tom Callan.

The Callans also submitted architects sketches of a 10-unit school, scheduled for completion at the same time as the first 308 homes in Callan Park.

Callan Park is proposed as a part of Daly City, but it will be under the jurisdiction and responsibility of the South San Francisco Unified School District. Legally, no Callan Park children will attend Daly City schools, nor will the school tax rate of present Daly City residents be affected, according to the developer.

Mike Callan urged the school district to complete studies concerning what the district wants in the new schools and to contact the State Department of Education in order to get approval for the sites and buildings as soon as possible.

He said that school construction must be part of the master plan of Callan Park in order to provide adequate, good education for these children without double sessions or the transporting of children out of Callan Park for schooling.

"We want to see an orderly, planned growth of the schools along with the rest of the community," Callan told the school board. "That is why we are coming to you before we build our homes."

Callan, a former chairman of the Jefferson Elementary School District Board of Trustees, and a board member from 1949 to 1959, is president of Callan Park Homes and plans a \$150 million commercial and residential community in the southern part of Daly City.

Callan previously appeared before the South San Francisco school board on March 10, when he presented maps of his proposed development and asked the school district to work with his engineers in planning schools.

On April 19, Callan appeared again and submitted an overall plan of the new community, including a 15-acre school site with the first 308 homes. Altogether, the plan called for 60 acres for four schools and included the locations of all school sites as shown on the school district's master plan.

He appeared last night, upon invitation of the board, with Los Angeles school planner Edward Fickett, A.I.A., who presented plans for a 10-classroom expandable school on the first site.

The school will be built in wings and will eventually include seven four-classroom wings and an administrative wing. This method of construction will allow easy expansion of the school as new homes are built, according to Fickett, because each classroom may be added individually, if desired, without disturbing the operation of the school.

Callan estimated the cost at approximately \$30,000 per classroom, but he explained that the final cost will depend upon what the board wants in the school. He proposed a lease-

ry can be set in motion to eliminate the 'big scare.' If people would pay attention not for one specific fight but attend all meetings we can lick problems as they come along. I am not scared of annexations."

John Drye again: "The annexation absolutely will not raise taxes."

Doris Plant, 365 Lakeshire Drive: "St. Francis Heights also came in with promises of a multi-million dollar shopping center. Supposedly, I would have had one block to walk in order to shop. However, with highways coming through and other problems the shopping center never developed. The entire area is filled with homes."

City Budget

(Continued from Page 1)

During the same period a total of \$273,332 has gone from sales tax revenues to the general fund to keep the tax rate down. The emergency transfer of \$223,509 to the general fund last fiscal year from capital outlay and water surplus critically cut present reserves in these latter funds, but these transfers were essential to restore the city to financial solvency for a "fresh" start, the City manager explained.

He read a report on the specific capital improvements over the period as follows: '58-'59—fire equipment, \$72,629.90; land improvement and buildings—acquisition of Marchbanks Park parking lot, \$16,770.60; finance and water office purchase at 5 Wellington Avenue, \$30,535; Westmoor fire station site, \$11,718. 1959-60 — new firehouse (Lincoln and Edgemont in Westlake), \$93,233; firehouse equipment and fire alarms, \$6559; corporation yard building, \$48,458 (over two-year basis); new Westlake library (two year basis), \$143,700; new library equipment and books \$31,734. Automotive equipment (new police, fire and public works vehicles), \$48,555.

Frank said that the new budget is based on a reserve "build-up" program for the general, capital outlay and water funds so that improvements throughout the budget will be financed by these separate reserves. Water monies, in particular, will remain in that department for improvements, and a contingency unbudgeted reserve fund of \$90,865 is expected to be available to take care of emergencies or other expenditures.

Councilman Joseph Verducci's query to Frank about use of sales tax revenues brought the answer that "as according to council policy adopted three years ago, 50 percent of sales tax monies have been used for capital outlay and the other half for the general fund to lower the property tax rate."

Frank then explained that the only modification of this policy was made recently by the council to the effect that 15 percent of capital outlay and water revenues henceforth would be channeled each year to the general fund as administrative overhead charges. The city manager said that sales tax in '58-'59 amounted to 53 cents of the tax rate and 43 cents last fiscal year. The new budget figures the sales tax revenue as a 41 cents tax factor—thus without sales tax the property tax rate would have had to be \$1.86 instead of \$1.45.

Citing the new provision for building up reserves in capital outlay, water and the general fund, Frank echoed the mayor's position favoring a "pay as you go" budget plan for capital improvements.

"I don't believe in costly bond issues," asserted the city manager. "By paying as you go and increasing the tax rate slightly each year you actually save money in the long run."

"Bond rates continue to be higher," Frank went on. "I feel that with adequate reserves and with a capital outlay program each year of about \$200,000 from sales tax revenues the city will make progress and still not burden homeowners."

Frank said capital outlay expenditures in the new budget will total about \$246,990 this year compared to \$369,845 spent for capital outlay during fiscal '59-'60. He noted that water revenue should return \$25,000 this fiscal year and \$105,895 of this is earmarked for a new well, resurfacing on another well, a \$50,000 new pump house (two-year financing), a new pumping station (\$11,000), and a new chlorinator. The water department capital outlay program — all monies coming from water revenue — can be expanded by council authorization, Frank pointed out.

The new budget is based on an increase in assessed valuation from \$41,700,000 to \$48,000,000. The general fund tax will climb from 46 to 72 cents, library from 12 to 17 cents, parks and recreation from a total of 15 to 17 for parks and 12 for recreation, employees retirement from 10 to 24 cents, and bond interest and redemption will drop from 7 cents to 3 cents.

The total capital outlay budget, according to Pacelli, should be finalized within a month. The council expects to receive its long-overdue \$30,000 water survey report from the firm of Washington and Associates "within two weeks," Frank reported Monday night. Both St. Clair and Dennis again criticized the new delay by the survey firm. St. Clair termed the report "a shady affair" and Dennis requesting "that Julius Castelan, the civil engineer who resides here and who recommended Washington and Associates, to give us a few explanations on the thing."

Frank said the city engineer would need at least a month to study the submitted report, then the council would call in Washington and Associates to have them explain it. The council repeatedly has expressed displeasure over the late survey and its "quality."

Ten-Month-Old Boy Swallows Pacifier

Ten-month-old Fred M. Mills, 180 Bel Mar Avenue, was given oxygen by firemen and then transported to Junipero Serra Hospital by police Officer Harold Tunnell Wednesday at 1:30 a.m. after he swallowed a tranquilizer tablet.

'Callan Park Same As Westlake Vote' Resident Claims

Dear Mr. Bradshaw,

Some of us who have lived in Daly City for most of our lives and have been active in the community for many years have been surprised at recent occurrences in your community. Of course I am speaking of the special referendum on the Callan Park annexation next month.

I've seen our city grow and change for more years than I want to remember, and I recall 12 years ago when we had this exact same controversy over whether we should annex Westlake.

We voted to annex Westlake, and we have all believed that that vote in 1948 settled the argument over whether we should annex or not. We have been very pleased with that annexation. It has brought more people, more tax revenue, more prestige, more business and more political importance to Daly City.

We have never questioned that decision of 12 years ago until this year, although we have annexed 25 different, separate parcels of land to Daly City since then.

My question is, "Why?" Why are we no longer satisfied with that decision in 1948? Why are we considering turning down the biggest and most favorable annexation ever offered to Daly City? Why are we talking about higher taxes from annexation when the Westlake annex, which contains only a fraction of the commercial land planned by the Callan annex, has consistently contributed more to the city's income than it has used?

And most important of all, why are we letting Fred J. Walker, a man who has lived in Daly City only a year, run our city, intimidate our fine City Councilmen with recall, file a trumped-up "taxpayer's suit" against the city, and attempt to stop our city's progress with a misrepresented, malicious petition?

A citizen who believes in progress and growth for Daly City.

J. C. Freccero

Boulevard,
Daly City, California

'MORE FACTS, LESS FICTION' SAYS DC MAN

Dear Mr. Bradshaw:

Some people are saying that annexing Callan Park is going to put our schools on double session. The implication is that this is going to happen in the immediate future. How can this be so? Before Callan Park can affect the schools, we have to have children living there.

I contacted the committee against the annexation and, after a great deal of worthless talk, was told that the annexation would not create any problem for at least two years. If this is so, then why are they implying that all of the current problems facing Daly City are caused by the Callan Park Annexation?

Furthermore, Callan Park is not even in the Jefferson School District. This whole situation seems to be the classic example of putting the cart before the horse. In addition, of course, as everyone should know by now, the state pays 80% of the cost. Also, school sites have been set aside so this gives us the assurance of having the land to build schools on without any of the haggling that the foes of annexation seem to feel so necessary.

Let's have more facts and less fiction so that all of the people will know what the situation is.

Very truly yours,
R. P. Clayton

DC Baseball Mgrs. Cite Work Of Parks Director Vincent

Dear Editor:

We would like to bring to the attention of the public the fine job Charles (Chuck) Vincent is doing as Acting Director of Parks and Recreation.

The first round of baseball has just been completed and the second round about to start. It has been a pleasure working with him.

His willing cooperation at all times make it apparent his work is not just an 8-hour job.

Yours truly,
Roger Kueich, Daly City Merchants; Chico Carrillo, New Pisa; Jim Davis, OLM; Jerry Mahoney, OLM; Everett Heick, Athletic Director for BYA; George A. Brink, Athletic Director for BYA; Edward A. Nolan, OLM; Neil Mahoney, Miracks; Jack Cousins, Miracks; Jack O'Dea, W. C. Sheher, and Bob Hart, Holy Angels; Ken Amato, BYA;

Elementary Hires Three Teachers, Nurse, Counselor

Jefferson Elementary District trustees Monday night hired three teachers, a school nurse and a counselor.

Hired were:

Sheila Byrne, credentials, Public Health Nurse, Health and Development; salary, \$4965; degree, B.S. Marquette University; Miss Byrne was hired for a school nursing position.

Mary Jane Finley, credential, General Elementary; salary, \$4965; degree, B.A. University of Washington.

Mrs. Alice Von der Mehden; credential, General Elementary; salary, \$5438; degree B. S. Millikin University; Mrs. Von der Mehden was hired for an annual contract substitute position.

Linda Zeligman, credential, General Elementary; salary, \$4830; degree B.A. University of Kansas City.

Edward Mosconi, credential, Life General Elementary and Life Secondary, Secondary Administrative Credential; degrees, B.S. University of San Francisco, M.A. San Francisco State College. Mosconi was hired for the counselor's position at Colma Upper School.

Westlake Association Thanks State Assemblyman For 'Thornton' Help

Assemblyman Louis Francis was thanked today by the Thornton Beach State Park Development Committee of the Westlake Subdivisions Improvement Association for his successful efforts to expedite the development of Thornton Beach in Northern San Mateo County for necessary recreational use.

Chairman Wayne M. Stevens in a letter to Francis said: "On behalf of the members of my committee and other forward looking citizens of San Mateo and San Francisco Counties, I want to express our appreciation of the fine work you have done in seeing to it that needed improvements will soon be made at Thornton Beach State Park."

"We have come a long way since my March and April 1959 correspondence with the then Chief of Beaches and Parks finally showed that nothing was really going to be done about Thornton Beach."

"It speaks well for the public authorities of this area, that the situation changed completely, when it was realized that the people here really wanted action."

"The political and business leaders of both counties were most cooperative. The Daly City Chamber of Commerce secretaries were both very helpful. The San Francisco Chamber of Commerce regional Problems Section gave us 100% endorsement, and the San Francisco Board of Directors followed in like manner. The Daly City Council offered the City Hall for meetings and full use of facilities with a special committee of Councilmen to meet with our Committee."

"But we have not forgotten, Mr. Francis, that you were with us when we began this program — back when support counted. Again, on behalf of

Tony A. Contreras, BYA; Chuck Lee and John Shea, Hughes Texaco; Ed Tomasello, Park Merced; Les Bastedo, PAL; Bill Anderlin, St. Emydius; Charles Grettton, Tower Market; George Benson and George Egan, San Pedro Midgets; and Joseph Rideau, PAL.

Trustees Buy Equipment For Ben Franklin

Jefferson Elementary District trustees Monday evening accepted two low bids from Outdoor Products for equipment for the East playground of Benjamin Franklin School.

Outdoor Products bid of \$1421 was accepted for a combination softball-handball backstop, 30 feet wide, and four soccer goals. The second bid of \$1526 was also approved for five softball backstops, 17 feet across and four horizontal bars. Other bidders were San Jose Steel and Ryan & Sons.

The board also released Eleanor Knuth and Stanley Pepper for their 1960-61 contracts. Miss Knuth was married on June 30 and is moving to Seattle, Washington, while Pepper asked to be released because of personal problems.

PRELIMINARY drawing of a unit planned for Callan Park, in Daly City is exhibited by project architect Edward H. Fickett of Los Angeles. Custom courtyards, interior and exterior stairways and spacious rooms are features of the homes in the \$129,600,000 development planned by Callan Development Company.

AWARD WINNER

Architect Explains 'New Concepts' In Plans For Callan Park Homes

Fresh approaches in individual unit and over-all community development concepts have led to "harmony without uniformity" in plans for Callan Park, according to award-winning architect Edward H. Fickett, AIA, who designed the project.

Long-range plans for the \$129,600,000 development, to be built in Daly City, call for 2800 homes, 2950 apartment units, shopping centers, schools, churches, a hospital and community buildings.

"Among the most important considerations which guided our designs was the desire to enhance the views of San Francisco Bay," Fickett recalled.

"Each unit will be situated to provide residents with maximum enjoyment of the view. Poor roof lines of dwellings on adjacent terraced streets, however, would have injured scenes, but our designs present contrasting roof lines creating a pattern which will add interest to the panorama," the architect explained.

Carefully combined colors, textures and natural rock elements will also contribute to foregrounds, he continued.

"Instead of continuous rows of identical houses with changed facades, we have chosen to design varied types of homes. This approach allows us to balance our planned street frontages and create intimate entrance courts together with exterior stairways which will be individually treated," Fickett said.

Homes will feature interior stairways leading to front entrances, as well as combination guest-host speaker systems and electrically operated door arrangements which permits residents to greet and admit visitors without climbing stairs.

Two combinations, a three-bedroom and two-bath living room, two-bath and family room home, will comprise the majority of plans. Preliminary studies revealed that this area is attractive to large families.

Trustees Approve School Furniture At \$119,297

Jefferson Elementary District trustees Monday night approved an expenditure of \$119,297 for furniture for the classroom additions at Olympia, Jefferson, Abraham Lincoln, Thomas Edison and Daniel Webster Schools and for the entire Fernando Rivera and George Washington Schools.

The action is subject to the approval of the state department of finance as the furniture would cost the state \$98,944. The District will have to spend \$20,353 of its own funds to complete the furnishings.

The bids were spread out among a number of companies, the lowest bidder for each item being accepted.

AROUND TOWN

By ROY HURLBERT

JINXED Joe Levkowitz is back watching the store (city treasurer's office) after his argument with a runaway auto at his service station, top of the hill at San Jose-Bepier. X-rays showed no broken bones. But oh my, what bruises!

WHEN it comes to "facts," there's one that can't be denied—The Callan Park annexation issue has given Daly City more publicity than any event in this burg's 49-year history.

If there are any residents left who haven't heard at least one story about Callan Park, pro or con, then these "uninformed" must be wearing mufflers.

AN ANONYMOUS letter this week bearing a typed signature "Daly City firemen" contains some bitter comments about the city council's position in comparing police and fire department responsibilities and pay rates.

The editor can't publish a letter to an editor that fails to identify its author.

ATTORNEY Dave Friedenberg of Westlake advises one and all not to let the split vote of the California Demo delegation at the LA convention detract from Governor Brown's "popularity."

Dave, who once ran for Daly City council, says the split California ballots showed that Californians are independent thinkers and not sheep-like.

Friedenberg went to the convention with five San Mateo County delegates. He was listed as an alternate.

This time, Available Adlai didn't have a hole in his shoes, but he still lost out!

THERE were more people at Monday night's elementary school board meeting on Callan Park school projections than the audience at the council meeting which produced adoption of a new tax rate and a \$2 million-plus city budget.

Too bad the meetings occurred the same evening. Both should have been "must attend" sessions for residents who want to know more about what's going on.

MRS. JOSEPH SCHULTZ, wife of the city personnel board commissioner, last week spent many hours chatting with longtime friend Louise Groger who's back in the Bay Area on vacation from her residence on a tiny island off the coast of Chile. Mrs. Groger missed the big earthquakes down there and the impact did shake up the old homestead. She's a missionary (you might say) for the Baha'i faith—same as Mrs. Schultz, pioneer member of the Daly City Garden Club.

COMMITTEE chairman (all the way from parade and queen contests to beads and bowling) have been selected for Daly City's 50th Birthday Week Celebration in May next year.

Chairman Art Bodien and Mel Batlye have the show on the road and the big push will be kicked off in mid-September when the "name the celebration" contest gets rolling.

Next meeting of the planning forces (mounting each time) is Tuesday night, August 16, at DC Hall, 8 o'clock.

PERHAPS one thing forgotten in the tax philosophy accompanying the city's new budget is that Daly City residents last year paid the lowest property tax rate in San Mateo County (90 cents per \$100 assessed valuation).

Those who might complain about the higher rate this time should reflect on how much they saved last fiscal year via the admittedly too low rate.

If last year's city tax rate had been about \$1.48 (as the new city manager has said it should have been) then homeowners this year could chirp about a tax reduction of three cents.

PENINSULA CEREMONY

Three Daly City Firemen Among 16 Cited For College Training

Fire service training certificates were awarded by Dr. Julio Bortolazzo, president of the College of San Mateo, to 16 members of Peninsula fire departments on July 7, marking completion of 15 units of college level work towards a degree in the field of fire suppression and administration.

The award dinner was held at the Villa Hotel in San Mateo under the auspices of the San Mateo County Fire Chiefs' Administrative Council, and was the first of what may become an annual event, according to Fire Chief Joseph Lodi of Redwood City, Council president.

Guest speakers were Dr. Bortolazzo, Bernard Gjerdrum, head of the extended day division of the local school, and Chief Hugh Morris of San Mateo. A response on behalf of the firemen receiving awards was made by James C. Hayes of the San Bruno Fire Department.

The fire training course was first offered at the Coyote Point campus in the fall of 1958. Chief Francis Meyer, Hillsborough Fire Department and educational committee chairman, pointed out that since that time many local firefighters have enrolled in the

various courses attending voluntarily and on their own time.

Leading to an associate of arts degree with subjects oriented to increase the professional knowledge and ability of fire-fighters working for cities within San Mateo County, the local educational program is in line with those being offered in other sections of California such as Los Angeles, San Diego and Contra Costa counties. Under these plans the professional firefighter now has an opportunity to specialize in subjects pertaining to his career at the two-year college level.

Courses catalogued at College of San Mateo include fire fighting tactics, fire service hydraulics, fire prevention, company administration, personnel administration, business law, human relations, grading schedule, applied psychology, and report writing. The basic requirements of units as established by the college must be met in addition to the above for graduation.

Those receiving certificates were: Robert Wayne Alexander, Lyle S. Church, John E. Martin, Daly City; Louis A. Gass, Woodside; James C. Hayes, George Roubanis, James M. Shade, San Bruno;

The Mail Bag

Housewife Explains Her Thinking On Callan Annexation

Dear Mr. Bradshaw:

I want to set the record straight. I signed the petition "for" the referendum, but I never signed a petition "against" Callan Park.

I believe that people should have a direct voice in every annexation because annexation is one of the most important actions that the city takes.

Since I signed the petition I have seen the "Good Government Committee" claiming that all the signers of the petition are charter members of a large and growing volunteer army.

I am not a member of any "volunteer army." I am not against Callan Park. And I insist that this misrepresentation must be stopped.

Sincerely,
Mrs. E. M. Hedrick
364 Bellevue avenue
Daly City

Andrew Larsen, Edward H. Medaugh, Jr., Norbert A. Mueller, Richard S. Olsson, San Mateo; Charles Lovelace, Redwood City; Donald B. Nielson, South San Francisco; James M. O'Donnell, Richard F. Tucker, San Carlos, and Wesley C. Russell, Burlingame.

FIRE service training certificates are handed Daly City firemen Lyle S. Church, John E. Martin and Battalion Chief Robert Wayne Alexander (left to right) by Dr. Julio Bortolazzo, president of the College of San Mateo, as Daly City Fire units of college level work towards a degree in the field of fire suppression and administration. Sixteen Peninsula firemen were honored in recent ceremony at Villa in San Mateo. College of San Mateo photo

Robert Markuse New Manager Of Walgreen's

Robert H. Markuse, registered pharmacist, has returned to the Walgreen self-service drug store in Westlake Town and Country Shopping Center as manager. He served here as assistant manager last year, before his promotion to manager in San Francisco. In his new post, he succeeds George Jeffers, who is being trained by his company for a district management post.

Markuse's experience in Bay Area drug stores dates back to 1935 when he was 18. He later graduated from the University of California, and became a registered pharmacist. Joining Walgreens in 1958, he has since served in several of the firm's Bay Area stores.

"It's certainly good to be back in this fine community," Markuse said, "and I'm looking forward to renewing old friendships."

180 SM COUNTY GIRLS ATTENDING CAMP WASTAHI

Camp Fire Girls and Blue Birds attending Camp Wastahi this summer are finding their program brimming with fun-filled activities and projects to please any young miss. Campers this past week planned with their counselors a busy program which included a water ballet held in the camp swimming pool on Friday afternoon, chicken barbecue, breakfast cookouts, a treasure hunt, and a Grand Council Fire ceremonial on Friday night. The junior high campers, the Chieftains, and the senior high campers, the Wakiyas, scheduled a colorful luncheon in their new unit fire circle area.

During the week a truckful of pets arrived from the Junior Museum of San Jose for their annual camp outing. The pets included a number of rabbits, guinea pigs, a large white goose, chipmunks, turtle, baby mice and a goat named "Francis."

One hundred and eighty San Mateo County Camp Fire Girls

Fair Purse Money Totals \$212,750, Says Race Mgr.

A total of \$212,750 will be distributed in purse money during the 10-day race meeting at the California State Fair this year, according to supervisor of racing Everett Nevin. State Fair opens August 31 and closes September 11.

The Governor's and Directors' Handicaps have been written as \$10,000 races designed to attract some of the better thoroughbred campaigners in the west.

Governor's Handicap, to be run over a mile and a furlong, is slated for Saturday, September 10, and the Directors' for Labor Day, September 5.

The Inaugural Handicap and President's Stakes will each carry a \$5,000 purse with five other overnight stakes totaling \$17,000. Minimum purse this year is \$1,400, a \$200 raise over last year. Racing Secretary Jack Glendower will write 32 races for runners who can go more than a mile.

Of the total purse distribution, thoroughbreds will vie for \$175,000, quarter horses \$20,250 and harness horses \$17,500.

Twelve races will be carded daily with eight of them for the thoroughbreds, two for quarter horses and two for the sulkies.

and Blue Birds are registered during the summer to attend Camp Wastahi, owned and operated by the Santa Clara County Council of Camp Fire Girls. The camp is located on the Zayante Road near Felton.

North County girls who have attended camp during the first three sessions have been: Joan Arneson, Vonda Crouse, Linda Coffey, Kim Ann Kramer, Debbi Phillips, Barbara Stout, Mary Stout, Lori Corbett, Virginia Giammona, Claudia Miller, Nancy Nichols, Jeanne Scourkes, Kristine Vinson, Roseann Yeadon, Yvonne Partlan, Nancy Miles, June Hall, Patsy Miller, Peggy Chope, Elizabeth Clark and Christine Gallaher.

Attending camp this week are: Vicki Ober, Kay Kramer, Kren Smith, Stephanie Sutton, Deborah and Constance Wiener, and Frederica Klemm.

CHAIRMAN Frank Tardelli of the "Yes" on Callan Park Campaign Committee receives a flood of pledge cards from members of his executive committee.

Tardelli reports that 421 Daly City residents have already joined the "Yes" on Callan Park committee, including 153 in the last week. He predicted that

over 1000 or more persons would be actively campaigning for Callan Park by election day August 16 and he renewed a challenge to the "Good Govern-

ment" opposition committee to publicly name their membership and backing. From left to right: Edward Murphy, Doris Wimberly, Sanford Vickers, Sam

Grado, Jack DeBella, Frank Shreve, Lou Aguilera, Joseph Alfieri, Tony Masini and Robert Young.

'Larks' Cited For Economy

Economical transportation not only benefits governmental units but the taxpayer as well, according to A. E. Fitzpatrick, Studebaker-Packard Corporation fleet sales manager.

"When overhead or operating costs are reduced," he explains, "the governmental agency is in a position to either lower its financial requirements or increase its services to the public."

Fitzpatrick said economy tests reported by the states of California and Pennsylvania indicate why sales of the Studebaker Lark to governmental units have increased 14 percent during the past year. Larks are currently being operated by over 350 federal, state, county and municipal governmental subdivisions.

Six hundred Larks have been purchased by the state of California during the past two years.

E. J. Petersen, State Department Finance buyer, reports Larks have proved their economy with cost of operation, exclusive of gasoline, averaging seven-tenths of a cent per mile, compared to about one cent for standard-size cars.

"But we are also getting

'Ground Covering One Of County's Biggest Industries'

The "Industry and Beauty" theme can be applied to the San Mateo County Floral Fiesta as easily as to the rest of the fair, Mrs. George Dombroski, amateur division chairman said this week.

"Just remember," she said, "ground covering is one of the county's biggest industries in itself."

Mrs. Dombroski, of Redwood City, made the statement during a meeting of the chairmen of the outdoor garden entries in the 26th annual Fair and Fiesta, August 5-13 at the fairgrounds.

Eric Clough, designer for the fair, was measuring off the garden plots with the chairmen from garden clubs all over the county.

"It's a difficult theme to apply to a garden," Clough admitted, pacing off a 20-foot area, "so you should concentrate on the beauty side of it."

Of course, if someone came up with something clever that brought industry into the garden, Clough said, they'd "certainly get credit for it."

economy on gasoline," he continued, "with about 23 to 24 miles per gallon on the Larks as compared to 18 for the others."

Dan Casentini

ITALIAN-AMERICAN SOCIETY HEAD HERE SUPPORTS CALLAN PROJECT

"The opposition to Callan Park is a deliberate attempt to deceive and mislead the people of Daly City," charged a leader of the Italian-American community of Daly City and a lifelong resident of Daly City and Colma.

President Dan Casentini of the Italian-American Federation of San Mateo County said that the idea that it would be bad for Daly City to annex Callan Park "is just the opposite of the truth" and is "a deliberate attempt to hamstring the growth of Daly City."

DAN CASENTINI

"Frankly, I'm fed up with these shadowy figures who hide behind fake propaganda and pretend that they have public support," Casentini said. "It's time that we call their bluff."

"They have consistently refused to appear before civic groups. If they really believe in what they say, and I'm sure that they don't, let them come before any of our Italian-American groups to answer our questions—and they can leave their paid attorneys home."

"In plain language, I think they should either put up or shut up," Casentini said.

Casentini served as president of the Daly City Italian-American Citizen's Club for six years. A life-long resident of Daly City and Colma, Casentini now lives at 178 Edgemont Drive. He is currently a director of San Mateo County crippled children's charity drive.

He pointed out that there has never been a major commercial center that did not make a profit for the city involved.

"The opposition to Callan Park chooses to ignore the dozens of new tax sources created

by the increased population and a major commercial center," Casentini stated.

He pointed out that Callan Park will bring more income to Daly City in the form of gas taxes, sales taxes, personal property taxes, franchises, motor vehicle subventions, liquor taxes, water service profits, fines, fees and forfeitures.

"Daly City will get all this in addition to close to \$300,000 every year in property taxes," he said.

Casentini said that a small handful of persons have used a phony tax issue "because they think it is popular and will scare the voters."

"But I have lived in Daly City all my life, and my family has lived here since 1905, and I'd like them to know that Daly City people aren't scared by half-truths," Casentini said.

"I believe that mine are the feelings of the Italian-American population of Daly City. We have lived here all of our lives, and we are proud to see our home city grow," Casentini said.

"Whether we confirm the City Council or not, Callan Park will be built. The real question is 'Are we going to get the benefits from this development or are we going to let some other city collect our taxes?'"

"Sales taxes paid by Daly City residents will go to some other city if we turn down this area. I hate to think that the thousands of dollars of sales taxes that rightfully belong to Daly City will go to some other city," Casentini said.

"I have listened to the frantic, insincere cries of those opposing Callan Park, and I can only conclude that they must think that the people of Daly City are easily fooled. I am sure that anyone who is willing to invest five minutes of his time to learn the facts will agree

JACK SHIPMAN WITH MARINE UNIT IN JAPAN

Marine Acting Gunnery Sgt. Jack L. Shipman, son of W. H. Shipman of 35 Eastlake street, Daly City, and husband of the former Miss Jean Crissman of Durham, North Carolina, is serving with the First Marine Aircraft Wing at the Marine Corps Air Facility, Iwakuni, Japan.

The wing provides helicopter assault transportation, tactical air and all-weather intercept Third Marine Division.

support for the Okinawa-based

LOCAL EAGLES TELL SICILY AID PROJECT

The Fraternal Order of Eagles in California, through its Aeries and Auxiliaries, has completed a campaign of self-help assistance to the poorest areas of southern Italy, Herman Kalinin, President of the Daly City-Colma Eagles Club announced here today.

In cooperation with the overseas relief agency, CARE, Eagles throughout the state of California have raised funds to provide occupational training to people in Sicily. A youth institution in the city of Catania, Sicily, will be provided with a special training building to be known as "Eagle California House." Funds will provide CARE youth training equipment and supplies.

The project follows a successful Eagle project in Naples, Italy, where a waterfront area training school for young people called "Eagle House" was subscribed in a nation-wide Eagle drive. The "California House" plan is exclusively a California Eagle project, with funds administered through CARE personnel working in Italy.

"By concentrating in the less favorable economic climate of Italy's extreme south," Kalinin said, "the F.O.E. in California can help bring the dignity of self-support to human beings heretofore denied the opportunity to enjoy the freedom from want belongs to everyone today."

Honorary chairman of the EAGLE-CARE project in the state was Harry Wetherald, past state president of Alameda. Charles J. Francisco of Livermore was the chairman.

Westmoor Graduate Will Enter Army's Medical School

Dean Murphy, son of Mr. and Mrs. William Murphy, 403 Man-drive, Pacifica, has received a written guarantee reserving him a place in medical school upon completion of basic training.

Young Murphy, a '60 graduate of Westmoor High, will spend eight weeks at Ford Ord, followed by 20 weeks of training at the Medical Laboratory School, Ft. Sam Houston, Texas.

He will be taught how to perform standardized laboratory and chemical tests; collect and perform microscopic examination of tissue, blood, water, dairy foodstuff; compound, mix, and dispense drugs and other medicines from prescriptions.

SFC Tom Scannell, Army Recruiter, a resident of Pacifica, with his office at 6705 Mission street, Daly City, was responsible for his assignment to this special school. For Army information call PL 5-6300 or EL 9-2070.

'Pygmalion' Opens July 28 At SF State

Pygmalion, one of the most popular comedies written by the world renowned Irish wit, George Bernard Shaw, will open on July 28, as the final production of the Festival of Shaw Plays being presented by the Drama Department on the campus of San Francisco State College this summer. The romantic comedy of the lowly girl of the slums who is transformed into a lady which was used for the basis of the musical hit "My Fair Lady" is being directed by Hugo Melchione.

This ageless comedy has delighted audiences for 45 years. John Chapman, the famous New York critic has said it is "one of Shaw's best comedies—distinguished for its wit." Eliza Doolittle, the heroine of this Shawian romance, is a yawling bedraggled guttersnipe, who is made a lingual guinea pig for an experiment by a professor of phonetics. He wagers with a friend that within six months of training he can pass her off as a duchess at an Ambassador's garden-party. The results are hilarious.

Pygmalion is actually a sort of wry variation of the Cinderella story. The title comes from the Greek legend of a sculptor named Pygmalion who created a statue so lovely that he fell in love with it. No such romantic ending has been provided by Mr. Shaw for his play, who has indicated in many of his plays that he regarded marriage as a trap of "the life force" for intellectuals like himself.

LaVenda Laster will have the leading role of Eliza. Lawrence Arnold will play the exacting role of the misogynistic teacher, Henry Higgins. Bill Watson will play the philosophizing Cockney father, Alfred Doolittle and Colonel Pickering will be played by Ron Rosenthal.

Stage Design is by graduate student Minor Rootes, costumes by Eleanor Stoltz, Make-up by Ron Lynn and lighting design by Anne Hickey.

Reservations may be made by calling JUniper 6-3536, between 1 and 4 any weekday afternoon. The performances are scheduled for 8:30 on July 28-29-30.

Tardelli Reports 421 Residents Working For 'Yes' On Annexation

(Editor's Note: Following is a press release submitted by the Callan Development Company).

Over 400 persons have offered their support to the "Yes" on Callan Park Campaign, committee chairman Frank Tardelli announced last Friday.

Tardelli said that, as of Friday noon, there were 421 Daly City residents actively campaigning in favor of Callan Park.

He said that 153 new members signed pledges in favor of Callan Park during just the last week.

"We still know nothing about the people opposing us or how many persons they represent, but we suspect that they are keeping quiet about that because they have no backing from the people," Tardelli said.

"People are beginning to notice that although the opponents of Callan Park continue making wild claims, they still refuse to appear before civic groups to back up their claims," Tardelli stated.

"Last Thursday they refused to appear before the Daly City Chamber of Commerce because they knew that the Chamber doubted their wild tax claims and wanted them to back up their claims," he said.

"The opposition was willing to come before the Chamber only if the Chamber would withdraw support of Callan Park without hearing the arguments against it."

"Other groups are receiving a similar run-around from Walker and his attorneys," Tardelli said.

"The Committee of Six obviously represents outside interests," Tardelli said. "They were prominent in causing this expensive special election on Callan Park and since then they have been successful in backing up only their most personal and selfish reasons for opposition."

He said that the city of Daly City will spend \$6000 on the election, "and we have seen that there is nothing but hot air in the tax scare. If Callan Park comes into the city, it would tend to lower taxes—it could not cause an increase of any kind."

Tardelli told committee members that their job was to get the facts to the people of Daly City and to be available to answer questions.

He urged citizens to learn the facts about Callan Park's effect on Daly City before they voted on hearsay and rumors. "If every citizen could go to the city hall and read the contracts and reports and surveys on Callan Park—then we would win in a landslide."

Tardelli renewed his challenge to the "Citizens' Committee for Good Government" to publicly name their membership and their backing and he announced these 153 new members on the "Yes" on Callan Park Committee in addition to 268 announced last week.

8TH DISTRICT LEGION LADIES SET SF RITES

Eighth District, American Legion Auxiliary, Department of California, will hold installation of new officers on Friday evening, July 29, in room 223, War Memorial Building, Van Ness Avenue and McAllister Street, commencing at 8 p.m.

Officers to be installed are: Alpha Egan, president; Lila Lucas, second vice-president; Rose Haughey, treasurer; Maude Lang, historian; Juanita Larkin, marshal; Irene Pence, musician; Harriet Bradford, first vice-president; Julia Bailey, secretary; Erma Herlihy, chaplain; Irene Whallon, sergeant-at-arms; Angelina Castro, junior past president.

Mrs. Mary Ann Hoyt, a past department president, American Legion Auxiliary, Department of California, and a past president of Zane Irwin Unit 93, will be the installing officer, assisted by the Zane Irwin Unit 93, American Legion Auxiliary, Ritualistic Team, and acting as honor guard will be the San Francisco Junior Drill Team.

An invitation is extended to friends and members of the American Legion Auxiliary to attend and enjoy a pleasant evening with entertainment and refreshments to follow. Chairman of the program will be Harriet Bradford.

A total of 84.5 million motor-vehicle operators' licenses were outstanding in the United States during 1959, reports the National Automobile Club.

Label Merced Gets 200,000 Fingerling Trout This Week

A plant of 200,000 fingerling trout is scheduled for San Francisco's Lake Merced this week, in addition to the plant of catchable size fish slated for Merced's north lake.

In these food-rich waters, the three-inch fingerlings should reach catchable size in time to support fishing this fall.

The city's heavily fished lake is stocked under an annual California Department of Fish and Game plan which calls for two major fingerling plants, one in the spring and one in mid-summer, supplemented by periodic plants of catchable-size fish to fill the gaps while the current crop of fingerlings is growing up to proper size.

Temple Invites Public To Meet Rabbi Shapiro

Temple Judea extends a cordial invitation to the community to meet and hear Rabbi Robert W. Shapiro this Friday evening, July 22, at 8:30 at the Temple House, 95 South Mayfair Avenue in Westlake.

Rabbi Shapiro will speak on "When Success Is Failure."

A social and reception will follow the service.

Temple Judea urges all who plan to attend the High Holiday services to make reservations as soon as possible while seating is still available. Contact the Temple office, Plaza 5-6362. The prices for seats are \$20 per adult, 18 years and over, and \$10 per child, under 18 years of age. Checks, as reservations, should be made payable to Temple Judea and mailed to the Temple office, 95 South Mayfair Avenue, in Daly City.

Religious School classes of Temple Judea are rapidly being filled for the fall term and all parents are urged to register their children in advance.

Rabbi Shapiro is now studying the curriculum and every phase of the religious school.

Children, commencing with one year prior to public school eligibility, and up, are eligible for enrollment.

Pre-registration may also be made for the week-day Hebrew School. Children 9 years and up are eligible for enrollment. Membership in Temple Judea includes both Religious school enrollment and High Holiday seats, as well as many other privileges.

Rabbi Shapiro will address JOY, the teenage youth group

Scout Will Be Selected To Join Arctic Expedition In Greenland

The National Council of the Boy Scouts of America has just made public the opportunity for a Scout to be selected to become a member of the United States Arctic Expedition to Camp Century, Greenland, commencing October 15 this year.

Spearheaded by the U. S. Army Corps of Engineers, Camp Century will be the base for a winter research program that will consist of research projects in civil engineering, geology, glaciology, meteorology, and polar medical problems. Expedition members will live in temperatures which range as low as 70 degrees below zero.

The entire contingent, consisting of some 65 Army personnel and 50 civilian scientists, engineers, and technicians, will live for six months in a fantastic "village" completely under the ice, which is under construction at the present time. They will never see daylight, unless they have occasion to venture outside. Far from being cold, the entire settlement will be powered and heated by atomic power plants and the temperature will remain between 40 and 60 degrees at all times. All the recreational and service facilities found at any like-sized military base will be in operation at Camp Century, including television, movies, soda fountains, a gymnasium, and library.

To be eligible in the nationwide competition for the trip, local Scout applicants must:

1. Be a high school graduate, between the ages of 17 and 19½ as of October 1, 1960.
2. Hold the rank of Eagle Scout, Explorer Silver Award, or Sea Explorer Quartermaster Award.
3. Have an interest and aptitude for science or engineering, as witnessed by his scholastic record in these fields.
4. Must be physically qualified.

All Scouts meeting the above requirements are urged to contact their Local Scout Council

office. Letters of inquiry or phone calls should be addressed to Frank W. McIntosh, Director of Program for the San Mateo County Council, Boy Scouts.

DC MAN AIDS IOWA COLLEGE FUND DRIVE

William E. McConville, 424 Higate Drive, has been named Daly City chairman for the personal solicitation phase of the 11th Annual Alumni Living Endowment Fund campaign of St. Ambrose College, Davenport, Iowa, according to John W. Roehle Jr., Davenport, national chairman of the annual drive.

Each year alumni of St. Ambrose are asked to contribute to the living endowment campaign which is part of the college's development fund. Last year 1,748 alumni contributed \$20,300 while contributions from business firms, parents and foundations brought the development fund total to \$84,897.

For the past several years the development fund has been used to further the great teaching program at St. Ambrose and last year made possible additional increases in faculty salaries and the continuation of a loan program for faculty members wishing to further their education during the summer vacation period.

This year personal solicitation of alumni is being carried out in 175 cities across the nation. Through this program workers call upon their fellow alumni to collect their annual contributions.

Next time the tire repairman replaces a wheel, watch him when he tightens the lugs. If he is anything but a neophyte, he will tighten them gradually, with an even pressure all around. That, according to the National Automobile Club, is the way the owner should go about it when changing tires himself.

7th Infantry Marines Due 'Home' Saturday

CORONADO, Calif., July 15.

The rugged terrain around Murphy Canyon, about 30 miles north of San Diego, was the scene of a full-scale ground and air attack against aggressor-held positions by San Bruno's 7th Marine Corps Reserve Infantry Battalion as the training reserves pushed to their final objective ending two weeks of rigorous summer training here.

Scheduled to arrive in San Bruno at 8:30 Saturday evening, the California Marine Reservists have trained in all phases of amphibious warfare including a ship-to-shore beach assault after spending one night aboard the USS Montrose, APA 212, last week.

Early this week the Battalion moved to the Murphy Canyon area and conducted an assault against specially trained aggressors provided by the Landing Force Training Unit, Pacific, based at the Naval Amphibious Base here.

After a night of sporadic harassment by the "enemy" the reservists "jumped off" early in the morning of the second day and in mid afternoon called on helicopters of the Third Marine Aircraft Wing stationed at El Toro, Calif., to help lift them behind the enemy utilizing the Corps' new concept of vertical envelopment.

By 4:30 this morning the San Bruno contingent had successfully overrun the last "enemy" holdouts and the entire tactical area was declared "secured" by the controlling officers.

Following a critique of the field problem the reserve companies were transported to Shepherd Canyon where they witnessed a firing demonstration of rocket launchers and flame throwers by instructors from the Marine Corps Recruit Depot in San Diego.

of Temple Judea on Monday night, July 25, at the Temple house. All teenagers of Temple Judea and friends of the community are invited to attend.

Temple Judea invites everyone to reserve the night of Wednesday, September 14, for its first annual Theater Party at the Seavue theater in Pacifica. Ticket reservations may be made by phoning Mrs. Maurice Kasavan, Plaza 6-3036, or the Temple office, Plaza 5-6362. Donation is \$2.50 per couple.

Facts about CALLAN PARK

ROYAL INDEMNITY COMPANY

\$100,000 Speaks Louder Than Words!

Callans put up LARGEST PERFORMANCE BOND in history of DALY CITY

Mike and Tom Callan on July 7, 1960 delivered to the City Manager and the Mayor a performance bond in the amount of \$100,000 to guarantee the terms of their agreement with Daly City. This is the LARGEST BOND EVER PUT UP BY A BUILDER IN DALY CITY. (Westlake's bond was only \$25,000 and St. Francis Heights had none at all.)

THE MAIN POINTS OF THE AGREEMENT COVERED BY THE BOND INCLUDES:

- 1 Streets to be constructed at no cost to Daly City.
- 2 Sites suitable for construction of a water reservoir and an elevated water tower shall be given to the city at no cost to the city.
- 3 All water distribution and transmission lines mains and pipes shall be constructed by Callan Park without fee or charge to the city.
- 4 Two areas to be given to the city at no charge for a fire house, police station and public works area.
- 5 Separate water rate structure for Callan Park residents so that present Daly City residents will not pay higher water bills.
- 6 Make sufficient school sites available.

In other words, Daly City will acquire Callan Park with all required public works INSTALLED AND PAID FOR BY THE CALLANS

NOTICE OF HEARING OF APPLICATION FOR VARIANCE UNDER MASTER ZONING ORDINANCE

NOTICE IS HEREBY GIVEN to the public and to the owners of property lying within 500 feet of the exterior boundaries of the property hereinafter particularly described that an application has been filed with the City Planning Commission of the Town of Colma by Cypress Abbey Company, a corporation, located in Colma, California, requesting a variance under the Master Zoning Ordinance of said City to permit the erection of a one-story pre-fabricated steel warehouse type building or buildings under Section 14 as more fully set forth hereinafter: to-wit, for lease or rental, to be used for the storage of furniture and other articles generally warehoused, and for any allied purposes.

The aforementioned parcel is a portion of land situated in the County of San Mateo, State of California, bounded and described as follows, to-wit: Approximately 16 acres bounded to the northwest by Hoffman Street, to the northeast by the vacant lands of the Crocker Estate Co., and on all other sides by the lands of applicant.

A public hearing on said application will be held on Wednesday evening, August 3, 1960, at the hour of 7:30 P.M. at the City Council Chambers, City Hall of Colma, situated on the West Side of El Camino Real at Jewell Avenue in the Incorporated Town of Colma, State of California.

Dated this 21st day of July, 1960.

NOTICE OF TRUSTEE'S SALE

On Thursday, the 11th day of August, 1960, at the hour of 11:00 a.m. of said date, at the City Hall, 400 Grand Avenue, City of South San Francisco, County of San Mateo, State of California, at the main entrance of said building, on the first floor thereof, B. H. Freeman, as substituted trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following real property, situated in the City of Daly City, County of San Mateo, State of California, and described as follows, to-wit:

Lot 27, Block 122, as designated on the map entitled "WESTLAKE UNIT NO. 80 DAILY CITY SAN MATEO COUNTY, CALIFORNIA," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on April 25, 1956 in Book 44 of Maps at pages 48 and 49.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of conveyance executed by Milton L. Vasquez and Rae-Anne Vasquez, his wife, to California Pacific Title Insurance Company, a corporation, as trustee, for the benefit and security of Lawrence W. Johns, dated April 30, 1958, and recorded on May 16, 1958, in the office of the County Recorder of the County of San Mateo, State of California, in Book 3393 of Official Records at page 263 (42422-Q).

Reports \$100 Damage At School

Umberto Capurro, a gardener at Jefferson High School, 6996 Mission street, notified police that he had just seen juveniles cut 10 garden hoses at the school last Wednesday at 9:40 p.m.

He told Officer Tom Culley that \$100 would have to be paid for splicing and replacement of hose. The juveniles disappeared before Culley came on the scene.

Over four million high school and college students depend upon bikes for all or part of their transportation to and from class.

NOTICE OF TIME AND PLACE OF HEARING OF APPLICATION TO CHANGE ZONING

WHEREAS, an application has been filed with the City of Daly City to amend Ordinance 294 of said City so as to change the zoning of the following described property from an R-3 District, as such district is defined and established by Ordinance 294 of the City of Daly City, or as the same has been amended; and

WHEREAS, Sections 65,500 through 65,805 of the Government Code of the State of California establish requirements for such amendment and for public hearings thereon; and

WHEREAS, in accordance with the foregoing, the Planning Commission of the City of Daly City desires to set a time and place for a public hearing so that all interested persons may be heard;

NOW, THEREFORE,

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Daly City has set the time and place for hearing all persons interested in or objecting to said zoning on Tuesday, the 9th day of August, 1960, at the hour of 8 o'clock p.m. of said day in the Council Chambers of the City Hall, City of Daly City, San Mateo County, California, at which time the said Planning Commission will hear any person interested in or objecting to said application and will receive any evidence appertaining to said application.

Said property is described as follows: That certain property situated in the City of Daly City, County of San Mateo, and more particularly described as:

Beginning at an angle point in the corporate city limit line of the City of Daly City which point is the southwest corner of Lot 60 in Block XII as said Lot and Block are designated on that certain Map entitled "THE SEVEN-FIVE DOLLAR LOT HOMESTEAD ASSOCIATION," which Map was filed in the Office of the Recorder of San Mateo County, State of California, on October 3, 1970 in Liber E of Maps at page 63 and a copy entered in Liber 1 of Maps at page 6; running thence along corporate limit line and the southerly line of said Block XII, easterly 225 feet, more or less, to the southeasterly corner of said Block XII; thence along the easterly line of said Block XII northerly 100 feet to the northeasterly corner of Lot 68 in said Block XII as shown on said Map; thence easterly and crossing Edgeworth Avenue, as shown on said Map, 60 feet to the southeasterly corner of Lot 24 in Block IX, as said Lot and Block are shown on said Map; thence easterly along the southerly line of Lots 24, 23, 22, 21, 20, 19, 18, 17, 16, 15 and 14 in said Block IX, 275 feet to the southeasterly corner of said Lot 14 in Block IX; thence along the southerly line of said Lot 14 and its northerly prolongation, northerly 160 feet to the southeasterly corner of Lot 35 in Block X, as shown on said Map; thence leaving said Daly City corporate limit line and running along the southerly line of Lots 35, 34, 33, 32, and 31 in said Block X, easterly 125 feet to the southeasterly corner of said Lot 31; thence along the dividing line between Lots 30 and 31 in said Block X, North 100 feet to the northeasterly corner of said Lot 30; thence along the northerly line of said Lot 30, 25 feet to said Block X and its westerly prolongation, West 210 feet to the northeasterly corner of Lot 68 in Block XI as shown on said Map; thence along the easterly line of said Lot 68 in Block XI, South 100 feet to the southeasterly corner thereof; thence along the southerly line of Lots 68, 67, 66, 65, 64, 63, 62, 61, 60, 59 and 58 in said Block XI, West 275 feet to the southeasterly corner of said Lot 58 in Block XI; thence southerly and crossing 88th Street, as shown on said Map, 60 feet to the northeasterly corner of Lot 11 in the aforesaid Block XII; thence along the dividing line between Lots 11 and 12 in said Block XII, South 100 feet to the southeasterly corner of said Lot 10 and the northeasterly corner of the aforesaid Lot 60 in Block XII; thence along the dividing line between Lots 59 and 60, in said Block XII, South 100 feet, more or less, to the point of Beginning.

DC Youngsters Visit Aquarium, Planetarium

As part of the Department of Parks and Recreation's 1960 summer recreation program, a very enthusiastic group of youngsters from the playgrounds on the East side of Junipero Serra boulevard enjoyed a fascinating trip to the Morrison Planetarium and the Aquarium on July 8.

The highlight of the day was the current Planetarium show "Mysteries of the Moon." All the boys and girls were thrilled by the adventure of traveling to the moon and viewing an eclipse of the moon and the sun.

At the Aquarium, the Piranha or man-eating fish and the talking fish, were favorites of the visiting group which included Richard & Joanne Sili-cani, Chickie Clements, Debbie Vincent, David and Roger Hood, Michael Credo, Michael Wille, Julie Hood, John and Alice Walton, Tumara Maldonado, John Sherf, Joseph Soldano, John and Joey Pulis, Candy Barrett, Sharon and Charmaene Hansen, and Donald Bisordi.

The final trip of this nature will be held July 22 for the playgrounds in the Westmoor area. Those interested in attending should contact the recreation leaders at their playground.

3067 Arrested Last Year For 'Litterbugging'

Roadside cleanup costs for the California Division of Highways have more than doubled over the past four years, according to a report given to the California State Chamber of Commerce Roadside Cleanup Committee at a recent meeting in San Francisco by H. N. Bosworth, Maintenance Engineering Department, Division of Highways.

In the 1956-57 period cleanup costs amounted to approximately \$600,000 whereas in the 1959-60 period they neared \$1,300,000.

"This expense is paid out of gas tax revenues, and it just means that much less money for construction," Bosworth commented.

A report on the 1960 San Francisco anti-litter campaign was given by Mrs. Morse Erskine, committee secretary, and Supervisor Warren G. Buchanan of Contra Costa County reported on the work of the newly authorized full-time Litter Officer. A number of counties now have such full-time officers, usually attached to the Sheriff's Office.

Some of the problems related to litter enforcement were discussed at the meeting, and D. J. O'Connell, Supervising Inspector, Commander Zone III, State Highway patrol, reported that last year saw some 3,067 arrests for littering on the highways. The offense is classified as a misdemeanor, with \$50 as the fine for the first offense, mounting to \$500 for the third time. Magnitude of the problem is indicated in the fact that Highway Patrol officers average 400 stops a day to remove hazardous litter from the highways.

USF Professor To Cite Research At Australia Seminar

Dr. G. E. McCasland, a University of San Francisco professor of chemistry, will give a paper before an international audience of several hundred scientists in Sydney, Australia this August.

The research, in which graduate student Stanley Furuta participated, involved the synthesis and investigation of new isomers of quercitol—compounds of potential importance in biology and medicine.

Dr. McCasland will fly to Sydney to present the paper at the Australian meeting titled "Symposium on the Chemistry of Natural Products," sponsored by the International Union of Pure and Applied Chemistry. (The International Union of Pure and Applied Chemistry is the international equivalent of the American Chemical Society). He will make brief stopovers at various cities in Australia, New Zealand, Fiji and Hawaii, visiting numerous scientists and universities. Dr. McCasland received his Ph.D. at the California Institute of Technology. Stanley Furuta, USF graduate student and research assistant, working with Dr. McCasland, carried out the organic chemical experiments which led to successful synthesis of the needed quercitols. Furuta, of San Francisco, took his undergraduate studies at the Berkeley campus of the University of California.

The research was aided by grants from the National Science Foundation, the Research Corporation and the Roscoe and Margaret Oakes Foundation.

New York's five boroughs have over 50 miles of bike paths.

OBITUARIES

ARTHUR J. HOAR

Funeral services were held at Lasswell's Mortuary Tuesday afternoon for Arthur J. Hoar, father of City Clerk Mrs. Evelyn Mosman of Daly City.

Hoar, 86 years old, lived at 1356 South Mayfair avenue, and had resided in California the past 35 years. He was originally from Ohio. The member of IOOF Garfield Lodge, No. 45 of Monticello, Minnesota, was buried at Olivet Memorial Cemetery. He died Sunday.

He was the husband of the late Florence M. Hoar and father of Mrs. Mosman and Alfred H. Hoar. He is survived by seven grandchildren and six great-grandchildren.

ERNEST H. HEIKEL

Funeral services were conducted at Lasswell's Mortuary last Saturday for Ernest H. Heikel, 43, 839 Stoneyford drive, Colma. Interment was at Golden Gate National Cemetery.

Heikel, a native of Alameda, died at St. Joseph's Hospital on July 13. The veteran of World War II was the husband of Jean M. Heikel, brother of Harold Heikel and is the father of Gary E. and Karen L. Heikel.

'Read The Label' On Drinking And Cooking Water

Daly City patients on sodium-restricted diets can now "read the label" for the sodium content of their drinking and cooking water.

The California Heart Association and the State Department of Public Health have just completed a survey of the sodium in public water systems supplying approximately 80 per cent of California's population.

The report, titled "Sodium Content of Drinking Water," is intended as a reference source for physicians, dietitians, health departments and medical teaching institutions. The San Mateo County Heart Association has received its county listing only, for circulation to requesting physicians and dietitians in public and private hospitals.

The jointly developed report gives helpful information for planning and maintaining prescribed sodium levels in hospital and home diets. It covers cases of congestive heart failure, cirrhosis of the liver, hypertensive disease, some diseases of the kidneys and toxemia of pregnancy, said Dr. Maurice L. Lipkis, Beverly Hills, chairman of the California Heart Association nutrition committee.

Legion Auxiliary To Hold First Meeting Of Year

Eighth District, American Legion Auxiliary, Department of California, will hold its first meeting of the year on August 2, in Room 314, Veterans War Memorial Building, Van Ness avenue & McAllister street, commencing at 8:30 p.m., Alpha Egan, President, presiding.

Highlighting the evening's program will be the presentation of various awards and citations to the 1959-60 officers and chairmen of the Eight District Units. Convention reports of the various Committee meetings governing the many programs of the American Legion Auxiliary will also be given.

The Eighth District Press Book for 1959-60, which received Honorable Mention at the American Legion Auxiliary Convention recently held in San Francisco will be displayed for the benefit of District Officers and members unable to attend the convention. Refreshments will be served following the meeting.

Jack Friedman At Marine Air Base

SANTA ANA, Calif.—Marine Sgt. Sanford C. Friedman, son of Jack Friedman, 93 Station avenue, Daly City, and husband of the former Miss Karen M. Drachmann of San Francisco, is serving with the Third Marine Aircraft Wing at the El Toro Marine Corps Air Station.

Three Enlist Under Army Buddy Plan

Peter U. Cremer, son of Captain Bernard Miller of 581 Skyline drive, Clark M. Hathaway, son of Mr. and Mrs. George Hathaway of 5 Fairview drive, and Noah F. Love, son of Mr. and Mrs. Carl Love of 48 Cerro drive, enlisted in the United States Army Monday under the Buddy and direct assignment to Europe Plan.

SFC Tom Scannell, 6705 Mission street reports they will undergo the first eight weeks recruit training in the same company at Fort Ord, California. Upon completion of basic training they will be assigned to Europe.

A collegiate cycling craze finds 1000 two-wheelers at Princeton: 1500 at Oberlin, 4500 at the University of Michigan.

YMI Announces Schedule Of Summer Tours

Members of Bay Area Council of the Young Men's Institute and Young Ladies' Institute are advised that a trip to the National Shrine of the Immaculate Conception on Catholic University Campus, Washington, D.C., has, this year, been included on the itinerary of the two annual YMI-sponsored cross-country tours.

Same day, the vacationers will visit the Franciscan Monastery, the Catacombs Shrine, and the Grotto, reproduced from those in the Holy Land.

Tour co-chairman, Martin Kennedy and George T. Maisel said inclusion of the visit to the Immaculate Conception Shrine came about largely through popular demand from state-wide Catholics who wanted to view the edifice dedicated to the Virgin Mary.

The two YMI Tours scheduled this year are "tandem tours." The first leaves San Francisco Thursday, August 18, returning 18 days later on Monday, September 5. Known as the "Deep South Tour," it follows the southern route eastward to the "plantation and cotton belt," to Mardi Gras headquarters in New Orleans, thence to New York City for a three-day stopover at the Waldorf-Astoria Hotel. It returns via St. Louis, Denver and Salt Lake City.

Tour two leaves San Francisco on September 8, and returns home 19 days later on September 26. It largely duplicates the route of Tour One, with a single major exception. At New York City, the tour will board the luxury liner "Queen of Bermuda" for a three-day tropical sea voyage to the 17th Century town of St. George and to Hamilton on the island of Bermuda.

There are 65 YMI Councils in California, British Columbia and the Hawaiian Islands, and twice that number of Young Ladies' Institute units. All are eligible to accept reservations for both trips. Tour data may be obtained by mailing a postcard to YMI All America Tours, 50 Oak Street, San Francisco, or phoning SE 1-1883, a 24-hour phone information service.

W'lake Hadassah Plans Member Drive Luncheon

Westlake Group of Hadassah is conducting its annual membership drive to be climaxed in late August by a membership luncheon, according to Mrs. Jerome Urbach, membership chairman.

This rapidly growing group which began with a handful of young women in 1956 now boasts a membership of 80. It is affiliated with the San Francisco Chapter of Hadassah, and meets at the Daly City War Memorial building one Thursday of every month for luncheon and programs of interest and variety. A baby sitter for preschool youngsters is always present.

Anyone wishing more information about the group, or membership, is invited to contact Mrs. Urbach at LO 4-0514, or Mrs. Peter Kerreos at PL 5-0329.

Carpet Tools Taken Though Golf Clubs Are Untouched

A tool kit containing carpet laying materials was stolen from the auto of Ivan Sanders, 42, 390 Glenwood drive, between 10 p.m. Friday and 8:30 a.m. Sunday though golf clubs in the same car were left undisturbed.

Officer Art Linhares said entrance to the vehicle, parked in front of Sanders home, was gained by breaking a side window. Sanders valued the tools at \$70.

Annual Fishing Derby To Be Held At Lake Merced

Daly City-Colma Lions Club, in conjunction with the Daly City Parks and Recreation Department, is happy to announce the annual fishing derby to be held at Lake Merced on August 3. This event has always been one of the highlights of the summer recreation program and promises to be the same again this year.

Bus transportation for all sections of the city will be provided to and from the fishing area. The buses will leave the pick-up points for the lake at 8 a.m. and return at 1 p.m. Fishing gear will be provided for those who have none and ice cream and milk will be supplied by the Lions Club. Participants must be over eight years of age.

More information regarding this outing may be obtained from the Recreation Leaders at their respective playgrounds, or by calling the Parks and Recreation Department, PL 5-0850, Extension 18. Watch this newspaper for further details.

'Tender Trap' Enters Final Week Of Rehearsal For Players

Daly City Players are in the final week of rehearsal for their production of the play "The Tender Trap," written by Robert Paul Smith and Max Shulman. The play will be presented July 29, at 8 p.m., in the War Memorial Community Center.

"The Tender Trap" is an amusing comedy about a young bachelor living in New York City. He is relentlessly pursued by numerous females with matrimony on their minds. The situation is further complicated when he becomes engaged to two of them at the same time. To add to the situation, Charlie Reader, the bachelor, gets involved in a scheme to produce a pill to cure the common cold.

This play was first produced in New York City in 1954 and

later made into a movie starring Frank Sinatra, Debbie Reynolds, and Celeste Holm. The cast for this production is as follows: Charlie Reader, the bachelor, will be played by Bruce Freeland; his best friend, Joe McCall, by Tom Mulliken; Sylvia Crewes, a violinist and Charlie's first fiancée, will be played by Jean Alphin; Earl Lindquist, the chemist who is testing the cold pill, is acted by George Alphin; Earl's laboratory assistant, Julie Gillis, is Ann Madsen; Jessica Collins, an over-eager Southern man-trap, played by Cora Chroninger; Sol Swartz, a musician who's way out, is acted by Travis West; Poppy Mattson, another of Charlie's girls, is Randy Marcus.

Local Jehovah Witnesses Leave This Week For 4-Day Convention

About 85 Jehovah's Witnesses from the Daly City congregation will be leaving this week for a district convention in Sacramento, July 21-24.

Harold E. Casperson, presiding minister of the Daly City congregation, in announcing the plans of the local congregation, said that it has been necessary to cancel all local meetings from July 18 to 26, since most of the congregation will be attending the Christian Assembly.

"The reason so many local Witnesses are going," said Casperson, "is that they consider seriously their Christian responsibilities to better equip themselves to meet the needs of Bible education in the community; in fact, the theme of the convention is, 'Peace-Pursuing District Assembly.'"

Casperson anticipated that the local delegates attending the gathering will benefit greatly not only from the well-planned daily programs, but also from the Christian association with Witnesses from the more than 160 congregations participating in the convention.

"The convention," he said, "will deepen a Christian's appreciation of the Bible's practical counsel on Christian living in a disordered world." The keynote talk of the assembly Sunday, July 24, at 3 p.m., is "Security During War of the Great Day of God Almighty."

The California State Fairgrounds in Sacramento will be used for the four-day gathering. More than 12,000 are expected to attend.

The public is invited to all sessions.

Girl Scout Council Picks Colma's Ann Mori For Wilderness Project

By Servart Ojakian
Miss Ann Mori, 17, of 21 Garden Lane, Colma, has been selected from this area to participate in a national Girl Scout wilderness encampment to be held near Bend, Oregon, from August 4-17.

The announcement was made by Mrs. Evelyn Everhart, president of North San Mateo County Girl Scout Council.

Daughter of Mr. and Mrs. Alan F. Mori, Ann is a 1960 graduate of Westmoor High School and has been in Girl Scouting 12 years.

Ann is a member of Troop 24 in Daly City, and is at present a member of the staff at Camp Sonora. She attended the Senior Roundup with other girls from this Council last summer in Colorado. Ann started as a Brownie in 1948

and has remained active throughout her school life. She plans to enter San Francisco State as a freshman this September. An overseas Ranger will be placed in the same patrol as Ann. She is Marjatta Palosuo of Suomi, Finland.

Miss Mori is one of the 131 U.S. Girl Scouts and Girl Guides who will take part in the most primitive encampment ever sponsored by Girl Scouts of USA. The girl campers, 16 to 18 years of age, will include 102 Senior Scouts from all sections of the United States and 14 Girl Guides from seven other countries—Finland, France, British West Indies, Mexico, Pakistan, South Africa and Switzerland. Fifteen Girl Scout adults, experienced in wilderness camping, will also participate as staff members.

participating in two weeks annual Summer Training at the U.S. Army Hospital at Fort Ord, Calif.

Members of the 347th train in all phases of hospital care and specialized techniques.

The unit is comprised of many Bay Area physicians, surgeons and dentists and is commanded by Col. Ralph Rosenberg of San Francisco.

While on active duty, Lt. Col. Mines served in South America and the European Combat Zone.

He is married and has two sons, Donald and Harold.

List Of Prize Donors For PAL Bowling Tournament Announced

Wards, Plastering & Lathing Contractor, \$60; Richard Clausen Painting & Decorating, \$25; New Mission Heating & Ventilating Company, \$75; E. E. Hanley Hardware Floors, \$50; Dan Goodwin Roofing, \$50; Broadmoor Pharmacy, \$5 merchandise order; Elliott Cleaners,

W'lake Baptist Vacation School Begins July 31

Vacation Church School at Westlake Community Baptist Church, Southgate and Elmwood streets, begins Sunday, July 31, and runs through Friday, August 5, according to Eleanor Spitzer, director. Classes are planned for children four years of age on through the sixth grade. These classes will be held every morning from 9 to 12 o'clock.

Faculty of the school will consist of Clara Hodges, assistant director; Kay White and Nancy Tringali, Kindergarten department; Barbara Taylor, Etta Luallen and Pat Schaubrauck, Primary department; Ruby Vanik and Jacqueline Easley, Junior department, and Mrs. Hughes and Mrs. Lederer, general helpers. Several high school students will also help.

Theme of the school will be "The Child and the Church." Curriculum will consist of Bible Study, music, and constructive play activities. Registration fee for each child is \$1. The school is open to children of the entire community, as long as parents agree to encourage regular attendance and sustained interest for all six days of the school. The first session will be conducted on Sunday morning during the normal time for Sunday School and Church service, beginning July 31.

Final Carnival To Be Held At Garden Village

On July 8, the Daly City Parks and Recreation Department held the first Penny Carnival of the summer at Westmoor High School. The carnival, lasting from 12 noon to 3 p.m., drew approximately 300 children and adults.

One of the most popular booths at the carnival was the Goldfish Booth where the person who caught the most goldfish was given an opportunity to win a live goldfish and fish bowl by tossing a ping pong ball into the open mouth of the bowl.

Another popular booth was the Tic Tac Toe game. Here the participants played Tic Tac Toe by tossing rubber rings against a large peg board. This Friday the Daly City Parks and Recreation Department will hold its third and final Penny Carnival of the summer at Garden Village School. Although this carnival will be held mainly for the Westlake-Garden Village area, everybody is welcome.

The carnival features exciting games of skill with prizes for everyone. The prizes of the games will vary from one to five cents. Popcorn and soda will be sold at the carnival site. Children interested in attending the carnival should contact the Recreation Leaders at their respective playgrounds. This is the last opportunity this summer to partake in the Penny Carnival.

Many Valuables Untouched But Clothing Gone

Jack G. Campodonico, 33, 496 El Dorado drive, St. Francis Heights, last Friday notified police that \$50 worth of clothing belonging to his wife Margaret had been taken from his home between July 7 and 10.

Campodonico told Officer Harold Tunnell that his family was away on vacation at the time, and though many other valuables were in the house nothing else was touched.

cleaning order suit. Neville Ford, transistor car radio; Conci Shell Service, case oil; Wit's End, 1 quart gin; One-O-One Club, bowling ball; Commercial Tile, \$100 to purchase prizes; Grand of California, 2 cordovan twin tires — \$80; Nick's, 4 dinners; County Line Market, 1 quart Old Crow; Mayfair Markets, two \$5 merchandise orders.

C. Behrend Jeweler, 1 watch band; Mid City Market, 1 canned ham; Spot Lite Market, six 2-lb. cans Folger's coffee; Corina Cleaners, five \$3 cleaning orders; House of Color, 6 decorator kits; Frank Fullam & Company, \$100 donation; Wm. Lagomarsino & Co., Sunbeam electric frying pan; F. Ferrando & Company, \$25 donation; Jump For Fun Center, five 4-hour passes for trampolin; Minudri's Furs, muskrat fur collar; Foletti Realty, RCA transistor radio; Broadmoor Car Wash, 20 coupons for free car washes; Sammy's Villaglin, one 5-gallon can Kraft oil.

Raans, fifth Old Crow; Crocker Cleaners, four \$2 cleaning orders; Algiers Restaurant, 2 chicken dinners; The Red Knight, \$10 donation; Vannucci Bros., \$100 donation; Coastside Beverage Co., 1 case Regal beer; Easday Supply Co., step-on sanitary can; Tony Ricci, five cases beer; Buzz Haskins Equipment Co., \$50 donation; Bank of America, 25 Westlake Court, \$10 donation.

DC Girl Due Nursing Degree At St. Francis

Eleanor Christine Wasserman of Daly City will graduate from the Saint Francis Memorial Hospital School of Nursing in San Francisco on Thursday, July 28, at the San Francisco Medical Society auditorium.

Miss Wasserman will wear the traditional all white uniform of the registered nurse for the first time as she is presented by Orville N. Booth, Vice President-Administrator, and awarded her diploma and class pin by Miss Dorothy Deeth, Director of Nursing. The 18 girls who comprise this class of 1960 will make a total of 1,337 nurses graduated from Saint Francis Memorial Hospital School of Nursing who go on to take various roles in serving the community's health.

Miss Wasserman is the daughter of Mr. and Mrs. Henry Wasserman, 44 Ocean Grove avenue, Daly City. She is a graduate of Balboa High School in San Francisco and attended City College of San Francisco. Following graduation her plans include marriage to Stanley Aschen Nielsen and beginning her career as a pediatric nurse.

School Buildings Here Completed 11 Months Early

It is unique when a school board audience claps for an architect but such was the occasion last Monday night at the Jefferson Elementary School Board meeting.

Architect Angus McSweeney stood and received a round of applause from the audience after Superintendent Richard Foster noted that work at Abraham Lincoln, Thomas Edison and Daniel Webster was completed in 13 months though 24 months was the time allocated.

Trustees gave the notice of completion on 12 classrooms, one kindergarten, one multi-use room and an administrative unit at each of the three schools.

Foster also reported that Fernando Rivera will be completed on September 1 of this year while General Pershing is scheduled to be finished by August 28.

Mateo College Placement Tests Slated

Placement tests, required of all students entering College of San Mateo, have been scheduled for July 30, August 2 and August 4.

In an all-day session on Saturday, July 30, the English placement test will begin promptly at 8 a.m. in the Men's gym on the Coyote Point campus. The aptitude test will start at 1 p.m. in the same location. Students planning to enroll in mathematics sections other than Beginning Algebra or Geometry will take the required math placement at 3:30 p.m. in Room 17 AB on Coyote Point. Students taking examinations during the Saturday session should plan to bring lunches, as no food service will be available on campus at that time.

On Tuesday, August 2, the aptitude test will be given at 7 p.m. in the Men's gym, with the Math Placement scheduled for 9 p.m. on the same evening in Room 17 AB.

The English Placement Test will be repeated on Thursday, August 4, at 7 p.m., also in the Men's gym, Coyote Point.

Students arriving late to the timed tests cannot be accommodated and will be required to start tests at another date.

Scores of the preliminary tests are used as part of the extensive counseling program of the college to insure proper placement of students in sections. Early counseling and registration periods have been set for August 22 through September 2.

Application, testing, and counseling information is available from the Office of Admissions and Registration, DI 2-1421.

Exterior Plywood, Worth \$125, Taken From New Building

H. T. Myers, 32, foreman for the Berkeley Plywood Company of San Leandro, said that 31 sheets of exterior plywood panel worth \$125 was taken from a forklift near 6967 Mission street where a building is under construction.

Myers reported the theft Friday morning, stating the paneling had been taken between 4:30 p.m. Wednesday and 10 a.m. Thursday. The plywood was 4' by 8' by 1/2". Myers told Officer John Van Otten.

PHYSICIST PROMOTED

Dr. Eugene Cooper Of Westlake Named Naval Lab Science Chief

Dr. Eugene P. Cooper, 48 Lakemont drive, Daly City, has been selected as Scientific Director of the U. S. Naval Radiological Defense Laboratory in San Francisco, replacing Dr. Paul C. Tompkins who has resigned to accept a position with the Public Health Service in Washington, D.C.

Dr. Cooper, a physicist, was formerly the Laboratory's Associate Scientific Director, having joined the staff in 1951 as Head of the Special Operations Division. He was selected for the associate directorship in 1953.

A native of Massachusetts, Cooper is a graduate of Massachusetts Institute of Technology. He received his Ph.D. in Physics from the University of California. He has held a number of high level positions including professorships at the Universities of North Carolina and Oregon, and in research at The Franklin Institute, Philadelphia, Pennsylvania, and in government installations. Prior to joining NRDL, Dr. Cooper was Associate Head of the Underwater Ordnance Department, Naval Ordnance Test Station, Pasadena, California.

As Scientific Director of NRDL, Dr. Cooper has assumed responsibility for the planning and guiding of the entire research program of the Laboratory. In his former position he was in over-all charge of all field operations in which the Laboratory participated (mostly nuclear weapons tests) in addition to taking over the Scientific Director's duties in his absence, and collaborating with him in the direction of the program.

Mrs. Cooper, in addition to her role of wife and mother of three children, is also a scientist in her own right. She received her M. A. in mathematics at the University of California, and teaches in the University of California Engineering and Sciences Extension and at San Francisco College for Women.

Planners Approve Six Use Permits

Planning commission members approved six applications for use permits at last Tuesday's meeting, though the City Council will have final voicing on them at their July 25 meeting.

A use permit was granted to Pete Pereira, 16 Ortega Court, Pacifica, for the construction of houses at the front and rear of 119-121 Los Banos avenue here.

Edwin and Martha Dreiling, owners of the Joy Jump Trampoline Center, at 999 Hillside boulevard, were awarded a use permit for their business. City Engineer Bill Chapman said the "present zoning ordinance is vague when dealing with such enterprises," and he was not sure whether a use permit was needed or not but that the owner had requested it.

An application for a use permit, filed by the West Coast Advertising Company, for an illuminated poster panel sign at Junipero Serra boulevard and 88th street was granted; Tom Lyden, 781 Page street, San Francisco, represented the firm. He said the firm was informed that the proposed freeway may take this location but that it would be worthwhile for advertising whether it was "four weeks or four years" of use here.

A revocable permit was granted as the West Coast Company must tear down the sign at their own cost when the State Division of Highways decides the land must be cleared.

Commissioners approved a tentative map, submitted by Ervin E. Sheldahl, for four 213 by 100 foot lots near the corner of Oliver and Hanover streets.

A tentative map for continuation of a street that was dedicated three years ago at Westmoor avenue and Sea View drive was approved by the planners. The request came from Doelger builders through engineer Carl Timmons. Timmons said 12 lots would be placed on the continued street and the builder would extend municipal facilities. Approval was given subject to the City Engineers inspection.

A petition by Harry C. Curusis, 6767 Mission street, to change zoning at the corner of Hillside boulevard and Como street in order to allow him to place an apartment house at this site was approved. Commissioner John Schaeffer, who had seconded the motion for denial of this permit previously, made the motion for approval. It carried by 4-1 vote. Commissioner Roy Foster, who motioned against the petition before, was the dissenting voter.

Mrs. June Brandoline, 310 Hillside boulevard, spoke out against the apartment dwelling. Chairman Richard Dwyer read a letter submitted by George R. Moody, 304 Hillside boulevard, which stated he had 10 petitioners signed against the apartment house.

Curusis said the four apartments would take up 75 feet of the 83 foot lot and would contain off-street parking via four garages.

The Commissioners answered one letter, sending \$35 to the Tri-County Planning Council for payment of annual dues for the period July 1, 1960 to June 30, 1961.

All planning commissioners, Foster, Schaeffer, Dwyer, Anthony Masini, and newly appointed Del Gore, were present at the meeting.

Machinist Tools Taken From Garage

Robert William Moreno, 34, 235 Campana avenue, St. Francis Heights, reported to police that \$75 worth of machinist tools were taken from his garage sometime between June 1 and last Tuesday.

Officer Harold Tunnell said Moreno noted that the garage door is often left open and it was believed the culprits entered and picked up the cardboard box containing the tools.

Nimble Burglar Gets 15 Watches From Pharmacy

A climbing, crawling, nimble burglar took \$40 in cash and 12 watches valued at \$155.75 from the Broadmoor Pharmacy, 2388 Junipero Serra boulevard, between 10 p.m. last Monday and 9 a.m. Tuesday.

The burglar first climbed an eight foot bracket that held a pipe only 12 inches in diameter. Then he climbed seven feet of the pipe to come to face a barred window. He pried the window open at the catch and crawled through the space between bars, approximately 12 inches by 28 inches.

He carried the cash register to the rear of the Pharmacy and took \$20 in coins from it. Then he took another \$20 from a cigar box located under the main counter. He took 12 watches from their cases and tossed them into a plastic bag to make them easier to carry.

Manager Warren T. Ross, 54, of San Bruno, reported the burglary to Officer John Van Otten.

Municipal Court Finds 4 Guilty

Arthur L. Sosso, of San Francisco, was found guilty last Tuesday shoplifting at Pacific Market in Municipal Court in South San Francisco and was fined \$250.

In other court dispositions: Irwin G. Wong, 20, 154 Abbott avenue, and Thomas S. Guerrero, 23, 293 Los Olivos avenue, pled guilty to auto tampering. Both were assessed \$50 and placed on six months probation.

Vincent William Bagala, 28, 5625 Mission street, Apartment No. 4, San Francisco, and Frank Sanchez, 31 Partridge lane, both bartenders at the Casbah, were found not guilty on an assault and battery charge.

Kenneth A. Komula, 26, 333 Sierra Point road, Brisbane, pled guilty to charges of being drunk in or about an auto and received a five day jail suspension and \$50 fine.

Five Teenagers Apprehended For Vehicle Theft

Daly City police apprehended five juveniles, who ran from what turned out to be a stolen vehicle, following a hit and run accident at Alameda boulevard and Skyline drive last Saturday at 6:55 p.m.

The five boys, one sixteen, two fifteen and two fourteen, attend Mission and Balboa High Schools and Luther Burbank Junior High in San Francisco. One of the boys had stolen the auto from his uncle while two others had removed license plates from a San Francisco car to place on the vehicle.

The auto was stolen from Mountain View. Not injured, though his auto received moderate damage in the hit and run accident, was William E. Carlin, 52, 42 Montclair avenue, an accountant. The boys were released in custody of their parents.

McKean said the theft apparently happened between 7 p.m. and 10 p.m. last Friday. Bastedo said there were no signs of a forced entry and the theft must have occurred during one of the three times that McKean had been in the back of the store.

NEW PISA BLANKED 1-0

Montalbo, Claus, Stoller Pace Post 410 Win Over McCaffrey

There was a lack of base hits for the Dante's New Pisa—Daly City Post 410 American Legion team, yet top notch pitching allowed the team to gain a split over the past weekend.

Lowell Creighton and Harry Vapion managed the team as Steve Mezzera, co-manager with Creighton, was away on vacation.

The San Francisco Seals beat New Pisa, 1-0, despite the two hit hurling of Bob Miller. Miller surrendered the only run in the first inning as a walk, stolen base and single plated the decider. New Pisa is now 1-2 in the Saturday Baseball Manager's Association League.

Previously unbeaten Bernard McCaffrey Post 355 of South San Francisco tasted defeat for the first time in four outings Sunday. Stan Montalbo struck out 10 and walked none while giving up but four hits as Post 410's record moved to 2-2.

George Claus and Sonny Stoller paved the road for the winning 2-1 performance. Claus had 2 of the 6 Post 410 hits and stole two bases. He scored the tying run in the eighth. Stoller singled to left field in the 10th frame, stole second, moved to third on a wild pitch and tallied as Claus reached first on an error.

Post 410 meets Broadmoor Post 824 this Sunday at Marchbanks Park at 1:30 p.m.

Four 49ers Have Moved Football 25 Pro Miles

Four endurable San Francisco 49ers have advanced the football more than 25 miles during their professional careers, a check of the records showed today.

The total yardage for quarterback Y. A. Tittle, fullback Joe Perry, halfback Hugh McElhenny and end Billy Wilson is 44,080, based only on regular league games.

Tittle's aerials have accounted for the lion's share of the gains—21,937 yards with 1,627 completions in 2,960 attempts. The balding passing ace has been a pro standout for 12 years—three with Baltimore and nine with the 49ers.

Perry has gained 8,496 yards on 1,607 rushes, the greatest ground-gaining record in all football history. Joe also adds 1,496 yards on 197 pass receptions for a personal total of 9,992. Like Tittle, he broke into pro ranks in 1948.

McElhenny, in eight NFL seasons, has gained 3,941 yards rushing and 2,359 receiving for a total of 6,300.

Wilson, a nine-year veteran, ranks second only to Don Hutson in NFL annals. The string-bean receiver has hauled in 404 passes for 5,851 yards. Tittle ranks third only to Sammy Baugh in the all-time passing statistics. "Slinging Sam," in 16 seasons with the Redskins, completed 1,709 of 3,016 passes for 22,085 yards. His completion average was 56.79. Bobby Layne of Pittsburgh, 12 seasons, is second with 1,520 completions in 3,109 attempts for 22,063 yards. His completion average is 48.48.

Y. A.'s completion average of 54.96 is the best among all active quarterbacks in the NFL.

About Eight Percent Of State's Hunters Use Bow And Arrows

As reported by respondents to the hunter survey, some eight percent of the total deer hunters statewide are archers. Some 26,900 archers hunted deer in 1959, according to the state. It also learned that 8000 deer hunters were members of organized archery clubs. Most of the archers (55.8 percent) reported they hunted with bow and arrow in the archery season and gun in the regular season.

Only 19 percent said they hunted with bow and arrow in the archery season only. Another 13.3 percent said they hunted with both gun and archery equipment in the regular season and hunted with bow and arrow in the archery season as well.

Tryouts For San Pedro Baseball Midgets Saturday

Tryouts for the San Pedro Lunch Midgets baseball team will be held this Saturday at Marchbanks Park at 11 a.m. Youngsters wishing to perform may not have reached 12 years of age before March 1 and cannot be playing for any other Daly City team. For further information contact James Radford, PL 5-0306.

Lanier President, Marasco VP Of Senior Bowlers

The Westlake Bowl is pretty proud of one of its junior teams. The Orr Plastering team took a big breath, tightened its belt and commenced to pound out a whale of a game, 917 scratch. The youthful kegglers all, excepting one boy, had 500 or better series. High for the team in individual honors was Dennis Brooks at 542, followed by Jack Petric 537, Don Druhe 532, and Bob Doyle at 530. The usually consistent George Ellis was off stride a bit but still produced a strong over-average 451 series.

Thirteen-year-old Bob Morrison, a new bowler to the boys senior league walked away with all the glory as he pounded out games of 205-179-159, for a 543 series.

Congratulations go out to the newly elected officers of the Boys Senior league. The league got themselves a couple of top-notchers in Mike Lanier, president and Joe (the jet) Marasco, Vice President.

Marge Clark continues to show fine form and remain as the top Junior Girl bowler in the girls league. This last week Marge rolled games of 148-163-170 for a 481 series.

High in the Bantam leagues was Steve Ross with a two game series of 280. Other Bantam highs were Ron Dimaggio, 254, Jim McNeilly, 264, Tom diLustro, 262, Stu Scott, 225, and rapidly improving Toni Pinelli's 279.

There is room for Bantam bowlers (12 & under) in the summer league on Monday and Wednesday and also on Saturday. Phone the bowl for information.

Man, 'Bleeding Profusely,' Aided By Officer

Officer Al Nicolini, while on routine patrol last Sunday at 2:10 a.m., aided Gerald Sheehan, 51, 62 Templeton avenue, who had fallen down the stairs at his home.

Nicolini said Sheehan was "bleeding profusely from the back of his head." Nicolini drove him to Junipero Serra Hospital.

More Doves Than Ducks Bagged In '59

Doves were the leading game species taken by sportsmen in California in 1959 and for the first time in many years ducks dropped to second place in the standings.

This was announced today by the California Department of Fish and Game which has just completed an annual game take hunter survey among a sample of hunting license buyers contacted by mail.

Hunters returning questionnaires said they bagged 3,577,900 doves in 1959, an increase of 5.3 percent over the previous year. Waterfowl dropped from 4,610,300 in 1958 to 1,912,300 in 1959, a decline of 58.5 percent. Quail continued in third place, but the bag fell off 23.5 percent, dipping from 1,939,800 to 1,483,400.

The figures are used only as an indication of hunting pressures from year to year and do not represent actual totals of game bagged, the Department pointed out. A two percent random sample of the 600,000 California hunters was polled. Of some 10,400 questionnaires mailed, about 5000 were returned.

Doves, chukar partridges, sage grouse, buck deer, bears and European wild pigs were up over the 1958 season. The bag of pheasants, quail, Sierra and ruffed grouse, band-tailed pigeons, jackrabbits, cottontail or brush rabbits, tree squirrels, geese, ducks, jack snipes, and coots declined.

"IT WAS NOTHING at all, just another strike in order to 'Help Build Better Boys' through the Police Athletic Bowling Tourney," seems to be the gleeful statement coming from this blonde headed boy. The rest of the old pros just stand around and watch the action. The tot in the background stated that the PAL tourney was a "Play-pen full of fun."

THE RECORD photo

Increase In Bowl Squads, Entries Aid PAL Tourney

Heavy squad bowling from other Northern California lanes, plus an increased entry list from Westlakers, means that the second annual Daly City Police Athletic League benefit tournament at Westlake Bowl for boys will make more money than last year, according to Jane and John Doelger, co-chairmen.

In the past week, squads from Park Bowl, Marina Bowl, Bel Mateo (housewives), Sports Center, and Redwood Bowl, totaling more than 190 kegglers, rolled in the tournament.

Although it was billed as a "grudge match" no tempers ignited when the Daly City Fire Department took on the Colma Fire Department in the PAL at Westlake Bowl last Friday. What good would a flare-up do anyway, with all those hook and ladder ladders present.

The co-chairmen's last report showed more than \$2500 in the PAL coffers and indicated the following leaders:

MEN'S DIVISION	
Richard Richter	727
Maura Capone	716
George Homer	716
Huck Hickababy	716
Don Gilliam	703
Jack McNeilly	697
Don Meri	694
Robert Lall Jr.	693
Lo Petrocchi	689

WOMEN'S DIVISION	
Betty Ostergren	668
Janet Young	666
Nellie Watt	660
Eleanor Mathews	660
Ora Swanson	652
Norma Baldelli	651
Helen Vincent	647
Dianne MacPherson	644
Nellie Quinones	642
Jean Perada	641

AGATES

Striking examples of agates are found near Prinnville and Lakeview in Oregon, according to the National Automobile Club.

SPORTS SPIN

By LOU LUCIA

MY ACHING FEET: Mona Baker, TV and Radio columnist for this paper, watched her son Ronnie play against the Hawaii sponsored team last Fall and is still worried over the feet of the youngsters. The Kaimuical Bulldogs team played without shoes and many feet were bloodied from the cleated Les Vogel Powergliders eleven. The young Hawaiians told Mrs. Baker, "We want to win bad, what happens to our feet is of no consequence." One thing you have to say about the 50th Staters, they're sure brave. A home and home arrangement is being worked out between the Powergliders and Honolulu team this Fall.

TOO MUCH OR NOT ENOUGH: Awhile back, fans here were climbing all over Lon Simmons and Russ Hodges for being too partial to the Giants. We don't believe so. What strengthened our opinion was listening to Vin Scully, the Los Angeles Dodgers announcer. Scully talks in a monotone all the way through. Simmons and Hodges inject enthusiasm into their play-by-play. Incidentally, they have to give the "home" side more just as a reporter must slant what happens to the local squad more than outside teams.

A POSSIBLE TIE: Daly City Post 410 co-manager Steve Mezzera believes the American Legion Sunday loop could possibly end in a tie. Thus far, all the teams look strong. Boys away on vacation, plus some of the stars having jobs, detracts from the strength of some of the teams. Mezzera says.

THE BURDICK IS YOURS: Don Burdick, shortstop for the BYA Midgets, turned in an UNASSISTED triple play. The fantastic play was made during a game with the South San Francisco PAL Yankees. Don caught a pop fly at deep shortstop, touched second for out No. 2, then ran over and stepped on third to complete the trio of outs. That's almost touching all bases.

ONE GOES BUT MORE COMING: Randy Hix, co-coach of the BYA Junior League winners, is retiring from baseball managing here after five years. However, Broadmoor is on the upsurge. Next year the Youth Association will have two junior and five midget teams.

... Con Dempsey

NO ANSWER: What makes the difference between an excellent upper minor league player and major leaguer? Con Dempsey, who was here recently with the Examiner Baseball School, led the Pacific Coast League in strike-outs while pitching for the San Francisco Seals but couldn't make the grade with the Pittsburgh Pirates. Even major league scouts can't answer the query. Time after time they bring up young ball-players who are "sure fire" bets to win posts with major loop teams and yet fail. There's no answer.

NO VIEWING OF ALL-STAR GAME: Why not have the All-Star game during the evening so more fans would be able to get out to the ballpark to watch and there would also be more viewers via television? The majority of the fans are "Day People," working while the game is going on. Why not allow them to get in on seeing America's "finest"? If this is impossible, though we don't see why it would be, why don't local television stations re-tape the game during the evening of the day it was played? We're sure there would be strong local viewing which the sponsors would certainly enjoy.

State Dept. Of Fish And Game Will Ask Ban On 'Deadly' Fish

Alarmed at an increase of popularity among home aquarium hobbyists of the vicious South American piranha fish, the Department of Fish and Game plans to ask the next session of the legislature to ban its importation.

There are various sub-species of this fish, some of which, in large groups or schools, are capable of stripping all the flesh from a man or animal in a matter of minutes. It is feared that if some sub-species were released into Central California rivers they might be able to survive and reproduce.

Brazilian fishery experts think the chance is too great to take and California Department of Fish and Game Inland Fisheries personnel agree.

The fish are so voracious that in some South American streams they will strip the tongue from an animal daring to drink from the stream. In many instances, if a herd of cattle must be forced across one of these streams, one animal is taken downstream, where it is attacked by a school of piranha, which is thus distracted from the rest of the herd.

In addition to the danger to bathers, water-skiers and boat-

ADELE MILEY WINS JULY POWDER PUFF DERBY AT W'LAKE

When the smoke cleared at Westlake Bowl last week, Adele Miley had won the July Powder Puff Derby with a 488 scratch series plus a 132 pin handicap with Mary Lawson winning the high game award with a 211.

The Daly City girls went into the Police Athletic League benefit tournament in a big way. Jane Doelger reconvened the summer resting Early Risers League to bowl a round in the tourney, and the Kewpie Quads league, who bowl at 9:30 Thursday mornings, was the first league to sign up 100% in the P.A.L.

Westlake's Thursday Scratch Trio league filled their eighth team spot last week and are at it hot and heavy in the championship quest. President Bonnie Birkett and Secretary Jackie Koehler have worked hard to launch the league.

SPORTS "GREATS"

NOW IN AMERICAN BUSINESS FIELDS
BIG JIM HEARN, 6 FT 3 IN. RIGHT HANDED WAS ONE OF THE PITCHING HEROS OF THE NEW YORK GIANTS. MIRACULOUS 248H TO A PENNANT IN 1961. TRADED BY ST. LOUIS THE PREVIOUS YEAR IN ONE OF THE SOORRIEST DEALS THE CARDS EVER MADE. HEARN PITCHED SHUTOUTS AGAINST THE CARDINALS, PRATES, AND PHILLIES IN HIS NEXT THREE STARTS. HIS PENNANT YEAR SECOND WAS IT WINS AGAINST LOSSES PLUS A WORLD SERIES WIN AGAINST THE YANKEES DURING WHICH HE SHUT THEM OUT FOR SEVEN INNINGS.

A TALENTED GOLFER, JIM WON THE BASEBALL PLAYERS ANNUAL TOURNAMENT IN MIAMI LAST SPRING.

HEARN RETIRED FROM BASEBALL LAST SUMMER AFTER 13 YEARS IN THE NATIONAL LEAGUE. BASED IN HOMETOWN ATLANTA, HE IS NOW SOUTHERN SALES MANAGER OF THE PHILLIPS-VAN HEUSEN CORP. WORLD FAMOUS MANUFACTURERS OF LEISURE WEAR AND FURNISHINGS FOR THE AMERICAN MALE.

GREEN CARS

Green cars were favored by

the majority of motorists fifty years ago, according to the National Automobile Club.

"And now that I have graduated, I would like to say that I learned the most in the bowling lessons I took at Westlake Bowl."
